GENERAL

Proceedings of the Government of Mysore.
General, dated 1st January 1898.

READ:—

Telegrams from the Resident, to the Officiating Dewan of Mysore, dated 24th and 30th December 1897, intimating the prevalence of plague in Hubli City, and suggesting additional precautionary measures to keep the disease out of Mysore.

No. 66-94 D. C., DATED, BANGALORE, 1ST JANUARY 1898.

ORDER THEREON.—The precautionary measures already ordered to be taken to prevent the introduction of the plague into Mysore are :—

(1) Inspection of Railway passengers by competent Medical Officers appointed for the purpose at Harihar, Yeswantpur and Bangalore Cantonment, under the Rules prescribed by the Resident in Mysore in Notification No. 761, dated 25th February 1897, as amended by Notification No. 4519, dated 29th October 1897 :

Notification No. 762, dated 25th February 1897, by the Resident.

(2) Detention and transfer by Inspecting Officer to an Officer of the Mysore Medical, Police or other Department deputed for the purpose, of persons found at such inspections to be suffering or suspected to be suffering from the bubonic plague, or believed to have come into contact with persons suffering or suspected to be suffering from the disease :

Resident's Notification No. 4519, dated 29th October 1897. Government Notification No. 5370 Mis. F. 21—96, dated 11th November 1897.

(3) Detention at special separate hospitals or other places appointed for the purpose at the inspecting stations referred to, of those requiring treatment, for the necessary time, and of those placed under observation for a period not exceeding ten days .

Government Notification No. 5370 Mis. F. 21—96. dated 11th November 1897.

(4) The transmission of telegraphic information by Inspecting Officers to Officers at the place of destination, *viz.*, to the Residency Surgeon at the Civil and Military Station, to the Health Officer or the Assistant Health Officer at Bangalore City, and to the Police Officer on plague duty at other stations within the State, as regards all persons from affected localities not detained under the preceding clause, proceeding to any place within the State :

Proceedings No. 4976—85 Mis. 962, dated 4th November 1897.

(5) Arrangements for a constable of the Mysore Police meeting every train from the North at each Station to receive from the Railway Police constable information regarding the name and address at destination of every person whose ticket shows him to have come from an affected area, for watching the movements of such persons after they alight, for visiting them daily at their residences for a fortnight, and for segregation and treatment, if any of them should show signs of the disease during the period of observation :

Proceedings No. 661—7, dated 9th April 1897.

Proceedings No. 8840-50—Mis. 1697, dated 4th February 1897 ; also para 6 of letter No. 4975—P. 98, dated 4th November 1897.

Official Memorandum No. 1976-85—Mis. 962, dated 4th November 1897

(6) Watching of travellers coming by road to Harihar from infected parts:

(7) Employment of a literate constable for plague duty at every Station on the Bangalore-Nanjangud line in the same way as on other lines in the State:

Official Memorandum No. 1976-85—Mis. 962, dated 4th November 1897.

(8) Enforcement of special measures for improving the sanitation of Bangalore, Mysore and other large towns and the overcrowded camps at the Kolar Gold Fields.

Para 14 of Progs. No. 8840-50, Mis. 1697 dated 4th February 1897 Para 2 of Progs. No. 121-133, dated 16th February 1897. Notification No. 341, dated 9th March 1897.

2. A memorandum has been printed and circulated to Officers concerned explaining the symptoms of the disease, and containing directions for segregation and treatment. Segregation sheds on a small scale are ready at Harihar and a few other stations, and at Bangalore it has been arranged that the detached blocks of buildings at the Pilgrim Chattram on the Magadi road should be used for the purpose. The required number of Medical and Police officers have been deputed for plague duty, and advances have been granted to the Senior Surgeon, President, Municipal Commission, Bangalore City, and Deputy Commissioners to meet urgent requirements.

3. The arrangements adverted to above have been in force since February last, and the recent instructions of the Government of India, conveyed in letter No. 4412, dated 21st October 1897, from the First Assistant to the Resident, that the measures for the inspection of Railway passengers hitherto adopted should be maintained in their entirety, have been communicated to the Senior Surgeon, Inspector General of Police, and Deputy Commissioners of Districts for strict attention, in Proceedings No. 5073-82—Mis. 977, dated 6th November 1897. Up to this there has fortunately been no case of plague within the State. As intimation has been received of a few cases of plague having recently occurred in Hubli City, it has become necessary to strengthen as much as possible the present inspection arrangements to render the inspection at the frontier station of Harihar more stringent than hitherto, and to have a large camp ready there, on the site selected by the Senior Surgeon, for use if required. Necessary instructions have been issued to the Deputy Commissioner to proceed with the work forthwith. It is intended to strengthen the Medical Inspection Staff at Harihar by placing the services of an additional Medical officer at the disposal of the Senior Surgeon.

4. Sanction has been accorded, on the application of the Deputy Commissioner of Chitaldrug, to the entertainment of additional constables required to watch the fords leading to Harihar and for the purpose of patrolling the frontier roads. The Deputy Commissioner is requested to submit a detailed proposition statement to the Inspector General of Police.

5. Government consider it desirable that arrangements should also be made for guarding all frontier roads leading into Mysore, and that extra police should be placed at every non-inspection station to render the inspection or observation at homes of persons coming from infected parts, more effective, and thereby guard as far as possible against undiscovered entry into Mysore of cases of plague. The Inspector General of Police is requested to do the needful, in communication with Deputy Commissioners of Districts.

6. The Deputy Commissioner, Chitaldrug, and other Deputy Commissioners have been asked to apply, if found necessary, in any particular locality, the provisions of the temporary Regulations under the Epidemic Diseases Regulation besides those already in force.

7. All medical arrangements connected with the plague precautionary measures will as heretofore be controlled by the Senior Surgeon. But for prompt and effective administrative prevention work, unconnected with the medical arrangements Government require a separate officer. They are accordingly pleased, under Section 2 (ii) of the Epidemic Diseases Regulation, 1897, to place

Mr. V. P. Madhava Rao, Inspector General of Police, in charge of this work, with authority to take such measures as he shall deem necessary to prevent the outbreak of the plague or the spread thereof. He will direct and control the execution, in any place within the State, of all or any of the measures prescribed in the Regulations and Notifications already passed under the Epidemic Diseases Regulation, and issue all needful instructions to the Deputy Commissioners and Presidents of Municipalities and Local Fund Boards. In cases requiring reference to the Resident or to any authority outside the State, Mr. Madhava Rao will apply to the Government for instructions.

8. The Senior Surgeon and the Inspector General of Police are requested to keep the Government fully informed of the action taken by them from time to time. The occurrence of any case of plague should be specially reported.

C. SREENIVASIENGAR,

Letter, No. 2003, dated the 17th December 1897, from the Senior Surgeon, soliciting sanction to the grant of a daily batta of annas 8 to 3rd Class Hospital Assistant B. Srikantaiya, who was sent to the Kolar Gold Fields on cholera duty in the month of June 1897, and recommending that the sanction given for the payment of such allowance in Government Proceedings No. 312-3—Mis. F. 146-92, dated 7th July 1896, may be held applicable to the case of all Hospital Assistants deputed to the Gold Fields on such duty.

No. 7684-85—Mis. F. 146-92, DATED BANGALORE, 7TH JANUARY 1898.

ORDER.—A daily batta of annas 8 is sanctioned to the Hospital Assistant referred to above, in consideration of the dearness of provisions and heaviness of house rent at the Kolar Gold Fields, in addition to such allowances as are admissible under the rules.

2. The Comptroller is authorized to pass in future a similar daily batta of annas 8 to such Hospital Assistants as may be deputed by the Senior Surgeon to the Kolar Gold Fields on special duty

SIR,

Reverting to para 7 of Government Proceedings No. 66 94—D. C., dated 1st January 1898, laying down certain instructions regarding plague prevention measures in Mysore, I am directed to state that the Government desire that the Inspector General of Police and yourself should act together in matters connected with preventive arrangements, the supreme direction in such arrangements resting with the former Officer. I am to add that the Government consider it undesirable to separate the medical and administrative arrangements in preventive matters.

I have the honor to be,
Sir,

(1) Letter, Camp No. 178, dated the 15th October 1896, from the Chief Engineer in Mysore, forwarding in original, for disposal, Kadur Deputy Commissioner's docket No. 585 of the 5th idem on the subject of the rates of toll to be levied on the above bridges, and of the agency through which the collections should be carried out, and raising at the same time the question of levying tolls on the bridges at Belur and Yedatore.

(2) Public Works Department Secretary's Memo of the 21st January 1897 on the same subject.

No. 8433-37—Mis. 1679, DATED BANGALORE, 21ST JANUARY 1898.

ORDER THEREON.—The levy from the beginning of the year 1898-99, of a toll on carriages, carts and animals passing on the bridges at Belur, Hariharpur and Balehonnur is sanctioned, the collections therefrom being credited to Provincial Funds from which the bridges are maintained. The rates of toll prevailing at the Harihar bridge, as per appended list, and the rules relating thereto, seem suitable and may be adopted. The work of collection may for the present be managed departmentally for two years, at the end of which period a report should be submitted to Government as to how the rules work and the amount of collections made at each bridge, &c.

2. The Deputy Commissioners concerned are requested to publish a Notification in the *Mysore Gazette*, specifying the places where, and the date from which, the tolls will be levied.

3. The levy of toll on the bridge at Yedatore may for the present be postponed, until the Holé-Narsipur bridge is completed.

D. O., dated the 22nd January 1898, from Mr. V. P. Madhava Rao, Inspector General of Police in charge of Plague Prevention Measures, forwarding copies of certain printed papers regarding the precautionary measures adopted for preventing the importation of the plague into Mysore, and requesting that revised Regulations prepared on the lines of those published by the Madras Government be passed in supersession of the Regulations promulgated under Notification No. 342, dated, Camp Mysore, 9th March 1897.

No. 8495—Mis. 1699, DATED BANGALORE, 24TH JANUARY 1898.

ORDER THEREON.—The printed papers received with the D. O. read above will be recorded with the observation that Mr. V. P. Madhava Rao's separate official communication on any matters therein requiring the special orders of Government or a reference to the Resident is awaited.

2. Mr. Madhava Rao is requested to be so good as to send to Government 25 copies of these and of all other such papers for transmission to the Resident.

3. The revised Regulations proposed by Mr. Madhava Rao seem suitable *in every way and will be adopted and published in supersession of those* promulgated under Notification No. 342, dated, Camp Mysore, 9th March 1897.

4. From what transpired at Harihar on the 14th instant, (*vide* Memo of Inspection) it is believed that the idea of employing Mr. T. V. Armuga Mudliar for inspection duty at Harihar as contemplated at the meetings of the 11th and 12th idem has been abandoned for the present. Should such employment or the making of any other change in the medical arrangements at the Harihar Railway station be deemed advisable hereafter, the same should be reported to Government with a view to the Resident being addressed on the subject.

Letter No. 262, dated 22nd January 1898, from the First Assistant to the Resident in Mysore—

In continuation of this office letter No. 5237, dated the 6th ultimo, I am directed to enclose copy of a letter No. 145 M.—Mis., dated the 18th January 1898, from the Government of Madras, Local and Municipal Department, regarding the arrangements made for the detention at a camp of observation at Beypore of pilgrims for the Hedjaz from the Mysore State.

2. A copy of the Resolution of the Government of Bombay of the 20th ultimo, regarding the segregation of pilgrims is also enclosed, and I am to request that all the arrangements made may be clearly made known to intending pilgrims.

Enclosure I.

Letter No. 145 M.—Mis, dated the 18th January 1898, from the Secretary to the Government of Madras, Local and Municipal Department, to the Resident in Mysore

With reference to the letter from the Government of India, Home Department, No. 2549, dated 27th November 1897, to my address, on the subject of the arrangements to be made for the despatch of pilgrims for the Hedjaz, I am directed to state that this Government has arranged that pilgrims from Mysore should be detained at a camp of observation at Beypore, near the Feroke Railway Station, until they are certified by the Medical Officer in charge to be free from infection, and sent thence for embarkation from the port of Calicut. Arrangements for receiving the pilgrims at the camp will be ready in the course of a week or so, but definite information regarding this will be sent to you by telegram later on. I am to request that the pilgrims may be made clearly to understand that such of them as are unable to pay for their passage by sea to Jeddah *viâ* Bombay and Karachi (about Rs. 70), will not be admitted into the camp of observation. I am also to invite attention to para 3 of the Resolution of the Government of Bombay, No. 7079, dated 20th December 1897, from which it will be seen that the pilgrims are to be segregated and kept under observation a *second* time in Sind, before they are allowed to leave Karachi, and to request that you will arrange to make this known to intending pilgrims.

Enclosure II.

Pilgrims.—Arrangements at Bombay and Karachi for the despatch of pilgrims to the Hedjaz.

General Department, No. 7079, *dated Bombay Castle,* 20*th December* 1897.

Memorandum from the Commissioner of Customs, No. 5748, dated the 4th December 1897, submitting the following letter No. C.—20810, dated the 3rd idem, from the Collector of Customs, Bombay :—

"With reference to your No. 5541 of date 24th ultimo, I have the honor to report as follows—

"2. The Persian Steam Navigation Company has been referred to Notification No. 6560 of 25th November 1897, opening the pilgrimage from India under certain restrictions.

"3. There are now in Bombay only 67 who profess themselves pilgrims; of these none have to be despatched home as being from the prohibited area. They can be housed at Malet Bandar Pilgrim Shed and can be despatched to Karachi after ten (10) days. Many of them will have to be sent at Government expense. I enclose a list of the 67 pilgrims.

"4. I apprehend there are many in Bombay, come from up-country, who disclaim being pilgrims though they came to Bombay with the intention of going on the Haj. They will attempt to get away by indirect means. Every precaution has been taken to prevent this, but I would recommend that the probable date of sailing of a vessel from Karachi and the conditions under which pilgrims from outside the Presidency will be allowed to proceed in her should be notified as soon as possible. They may then come forward for segregation in a camp of observation, and transport to Karachi."

Telegram from the Commissioner in Sind, No. 1265, dated the 12th December 1897 :—

"In reference Government Resolution 6668 of 30th, will the orders in your telegram* No. 6522 of 24th November, that pilgrims who come to Bombay and are shipped thence to Karachi must be segregated ten days in Sind before departure thence, apply to pilgrims shipped at Madras Port and transhipped for Karachi in Bombay? I propose keeping them in Manora only till pilgrim ship is ready."

*Printed in the preamble of Government Resolution No. 6560, dated the 25th November 1897.

Letter from the Government of India, Home Department (Sanitary), No. 2630, dated the 11th December 1897, communicating their instructions as regards the arrangements to be made for the despatch from Karachi of pilgrims arriving there as ordinary passengers and of pilgrims from other parts of India sent there from Bombay.

Letter from the Commissioner of Police, Bombay, No. 9873—21, dated the 13th December 1897 :—

"I have the honor to report for the information of Government that on the 2nd instant it was brought to my notice, by the Protector of Emigrants, that amongst the passengers who had shipped per *S. S. Patna* of the B. I. S. N. Company, then about to sail for Muscat and other Persian Gulf Ports, there were 33 men he suspected to be pilgrims. From enquiries made by the Protector of Pilgrims it was ascertained that they were Bokhari pilgrims and they were consequently brought on shore, and are at present living in different parts of the City, being unable to proceed to their homes for want of funds.

"2. The Agents of the B. I. S. N. Company have refunded them the cost of their passage tickets *minus* a sum of Rs. 5 which had to be paid for bringing them from the steamer to the Ballard Pier."

Resolution.—Copy of the letter from the Government of India should be forwarded to the Commissioner in Sind and the Commissioner of Customs for information and guidance.

2. The Commissioner in Sind should be requested to make the necessary arrangements to carry out the instructions of the Government of India, and should report the place up-country chosen as a pilgrim camp.

3. It appears to Government desirable that the Bombay pilgrims should be segregated at Malet Bandar for about ten days before they are allowed to embark, for the better security both of Karachi and of other pilgrims on the ship. The Madras pilgrims, who will presumably be taken from Bombay Harbour by the same vessels which carry the Bombay pilgrims, must also be segregated in Sind.

4. The 33 pilgrims referred to by the Commissioner of Police, Bombay, who are assumed to be included in the 67 mentioned by the Commissioner of Customs, should be dealt with under the above instructions if they have funds to pay for their tickets in the usual way. Pilgrims who may in future come to Bombay must be treated as directed by the Government of India in

paragraph 2 of their letter of the 11th instant with regard to pilgrims coming direct to Karachi.

5. A copy of these orders be sent to the Government of India and the various Provincial Governments concerned.

No. 8565—Mis. F. 2196, DATED BANGALORE, THE 25TH JANUARY 1898.

ORDER THEREON.—Communicated to the Inspector General of Police in Administrative Charge of Plague Prevention Measures in continuation of Government Proceedings No. 6829-36—Mis. 1118, dated 13th December 1897, with a request that he will cause the widest possible publicity to be given to the arrangements referred to in the above for the detention at a camp of observation at Beypore of pilgrims for the Hedjaz from the Mysore State.

Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Police in Administrative Charge of Plague Prevention Measures.

READ THE FOLLOWING :—

(1) Letter No. 5499—239, dated 7th March 1896, from the Inspector General of Education in Mysore, submitting for orders a Memo on the subject of opening classes for the training of Sub-Overseers, Taluk Maistries and Tank Inspectors in the Industrial School at Mysore.

Memorandum on the addition of classes for the Sub Overseers, Taluk Maistries and Tank Inspectors' Certificates to the Mysore Industrial School by the Inspector General of Education.

1 Matriculation to be the standard of admission to the Sub Overseers' class.

2. The English Lower Secondary Examination to be the standard of admission to the Maistries and Tank Inspectors' classes.

3 Sub-Overseers are classified into three grades :—

	Rs	No. of places.
I Grade	50 to 70	20
II Grade	35 to 45 .. .	28
III Grade	25 to 35	20

4. Taluk Maistries are paid from Rs 20 to 40. Tank Inspectors are paid from Rs 12 to 20.

5. The course for the Sub-Overseers class will extend over 18 months commencing from the 1st October ending in April in the next following year but one.

6 The course for the Maistries and Tank Inspectors' classes will extend over 12 months commencing from the 1st June to the end of April in the following year.

7 The course for the Sub-Overseers' class will be as follows :—

Hours		Grade.
2	Building Materials and Construction	Intermediate
6	Building, Drawing and Estimating ...	Do
2	Hydraulics and Irrigation Works	Elementary
2	Earthwork and Road-making	Intermediate
2	Bridge Work	Elementary

18		

9 The fee for the Sub-Overseers class will be Rs. 4.

10. The fee for the Maistries' class will be Rs 2 and 25 students may be admitted to each class, the total fee income being Rs 150.

11 The following additions to the staff of the Industrial School seem to be required.

	Rs.
A. B. C E. First Assistant on	80
Survey Assistant (A. Krishnaswami Iyer of Arcot Narainswami Mudliar's. Technical School)	70
4 Lascars	20
Contingencies	40
Total ...	210

12. Apparatus, instruments and models and furniture will cost an outlay of about Rs 3,000, unless the apparatus belonging to the old Engineering College is given, in which case the cost will be reduced

13 For the encouragement of deserving students from each district one scholarship of the value of Rs 9 for the Sub-Overseers' class and one scholarship of Rs. 7 for the class of Maistries and Tank Inspectors may be awarded by the Deputy Commissioner of each district to deserving candidates of their district possessing the required educational qualifications. The scholarships should be paid from the Local Funds General and the scholars' schooling fees will be deducted from their scholarships.

14. After passing through the theoretical course prescribed for Sub-Overseers, the students should be required to go through a year's practical course or apprenticeship under an Executive Engineer or a year, a subsistence allowance of Rs. 15 being given to them by Government.

(1) The following correspondence ending with letter No. 1144, dated 11th March 1897, from the Chief Engineer of Mysore, giving his opinion on the scheme.

Letter No. 2053, dated Bangalore, 9th May 1896, from the Chief Engineer of Mysore.

I have the honor to return the original papers regarding the opening of classes for Sub-Overseers, Taluk Maistries and Tank Inspectors, in connection with the Industrial School at Mysore, forwarded to me with your letter No. 11933—Mis. 1713, dated 23rd ultimo, for expression of my opinion :—

II. It seems to me the "distribution" of time is open to criticism. The course for Sub-Overseers, extends over 18 months, and I think each 6 months' term should have a different allotment of subjects and of hours, instead of same being uniform for the three terms. For instance, the first term might be altogether confined to (say) Drawing and Estimating, Mensuration, Practical Geometry, Hydraulics (Elementary) and Surveying with chain and compass. The second term to Building Materials and Construction, Carpentry, Earthwork and Road-making, Tools and Simple Engineering Appliances, Surveying and Setting-out. The third term, Levelling and Surveying (with a much longer proportion of out-door work than is proposed by Education Secretary), Irrigation Works, Bridge Work, Iron Work, General. Some modification in this direction seems desirable.

III. In para 11 of Education Inspector General's Memorandum, it is stated that certain additions to the staff are necessary. How the present teaching staff is composed I do not know, but one of the additions proposed is a B. C. E. First Assistant on Rs. 80. I think all the teachers ought to be practical men who have gone through the Public Works Department themselves, for some years at least, in the Upper subordinate or Executive classes, or have been employed on Railways or Municipal Works. I need hardly add that good results will mainly depend on the staff, and that fairly liberal salaries should be given in order to secure thoroughly reliable and experienced instructors.

Letter No. 1247—93, dated 11th August 1896, from the Inspector General of Education.

With reference to your docket No. 12679—Ed. 403 of 21st May 1896, I have the honor to forward herewith, in original, docket No. 31 of 1st August 1896, with all its enclosures. There will be no difficulty in distributing the work of the classes over the period of instruction in the manner suggested by the Chief Engineer. The Chief Engineer's suggestion that the classes for the instruction of Sub-Overseers, Taluk Maistries and Tank Inspectors should be placed under a practical man who has himself been in the Public Works Department for some years in the Upper subordinate or Executive classes, or has been employed on Railways or Municipal Works is approved of by all members of the Managing Committee of the Industrial School. The choice of such an Instructor may be left to the Chief Engineer himself, and if one who is in the Public Works Department is chosen, his services may be lent to the Industrial School, his pay and grade in the Public Works Department being unaffected by the transfer. At the same time he might be called Superintendent of the Industrial School, the present Superintendent being called Assistant Superintendent. With these remarks I submit my memorandum of the 18th December 1895 again for orders.

2. When the school is removed to the house in which the Mysore Executive Engineer's Office is at present held, there will be plenty of room for the additional classes.

3. I request all the enclosures may be kindly returned when they are done with.

Letter No. 31, dated 30th July 1896, from the Honorary Secretary, Industrial School, Mysore, to the Inspector General of Education in Mysore.

I have the honor to submit the accompanying papers relating to the proposed establishment of the Sub-Overseers and Maistries' classes. The members are almost unanimously of opinion that the selection of the Engineer to be in charge of the School, should be left to the Chief Engineer.

The members also agree to adopt the system of sessional work mentioned by the Chief Engineer.

The question remaining to be settled is whether the Public Works Department or the Industrial School budget should meet the salary of the Engineer that may be appointed. If this matter be speedily settled by Government, the classes may be started.

I think it is taken for granted that the Engineer appointed would take charge of the whole institution including the present Industrial classes.

Letter No. 4489, dated Bangalore, 26th August 1896, from the Chief Engineer of Mysore.

In returning the original letter from the Inspector General of Education with its enclosures, received with your No. 2591—Ed. 102 of 21st instant, I have the honor to inform you that, if I am to understand that the salary of the Superintendent of the Engineering Branch of the Industrial School is to be Rs. 80 only, I regret there is no officer or subordinate in the department having the needful theoretical and practical knowledge to whom that salary would be an inducement to take up the post.

2. I would recommend that advertisements be published, offering the appointment to a retired subordinate of the Public Works Department, though I fear the offer, on such a salary, is likely to be treated with derision by really competent men. A good "all round" man is wanted to ensure success, and to such an Engineer the salary is not likely to be acceptable. If good free quarters could be "thrown in," possibly candidates might come forward. The only hope is in retired Public Works men.

Letter No. 2065—143, dated Mysore, 7th September 1896, from the Inspector General of Education in Mysore.

With reference to your Memo No. 3335—Ed. 122, dated the 5th September 1896, and its enclosure, I have the honor to inform you that the Committee of the Industrial School are of opinion, and I agree with them, that if Sub-Overseers' classes are opened in the Industrial School, some Public Works Department officer holding at least the rank of an Assistant Engineer should be appointed Superintendent of

the School, his pay being fixed at a figure somewhere between Rs. 200 and 300 a month with due reference to his substantive pay and his travelling and other allowances, so that he may not suffer in his emoluments while serving in the Industrial School. His rank and promotion in the list of Public Works Department officers should in no way suffer by the transference of his services temporarily to the Industrial School. It is for the Government to decide whether under these circumstances the Superintendent's pay should be disbursed from the Local Funds General or the Public Works Department budget. As the Superintendent will be engaged in the education of Sub-Overseers, Taluk Maistries and Tank Inspectors who will be employed in the Public Works Department, his pay will not perhaps be an unfair charge upon the Public Works Department Funds. When an Engineer is appointed Superintendent, the present Superintendent may be styled Assistant Superintendent, and he will remain in charge of the industries taught at present, but will be subordinate to the Superintendent.

Letter No. 1141, dated Bangalore, 12th March 1897, from the Chief Engineer of Mysore.

In reply to your letter No. 9909—Ed. F. 22—96 of the 4th instant, forwarding for my opinion letter No. 2065—143 of 7th September 1896, from the Inspector General of Education in Mysore, regarding the opening of Engineering classes in the Mysore Industrial School, and enquiring if I would support the scheme in general and help to carry it but by furnishing the necessary staff, &c., I have the honor to state that I regret I cannot spare at present an suitable and competent Assistant Engineer from my establishment. I have already recommended that the kind of Superintendent required will probably be found by advertising the post on a liberal salary, and that a retired Public Works subordinate will be the best.

II. The employment in Mysore Public Works Department of "passed men" should not be guaranteed, on the contrary, the school may be considered as a source of supply according to requirements and the attainments of the students

III. I demur to the establishment charges being debited in whole or in part to the Public Works budget The institution is, I understand, an educational one, and its cost is therefore an educational charge, pure and simple.

IV. Enclosures are returned

No. 8757-9—Ed. F. 22-96, dated Bangalore, 28th January 1898.

Order thereon.—Government approve of the proposed scheme for the opening of Engineering Classes in the Industrial School at Mysore. The Inspector General is requested to submit a proposition statement showing the establishment, &c., required, together with definite proposals for filling up the post of Superintendent whose pay will be fixed at Rs. 200 per mensem. The cost of the classes to be thus newly opened should be debited to Local Funds General.

4. Letter No. 3323-88, dated 26th November 1897, from the Registrar of the Chief Court of Mysore, forwarding the "opinion" of the Chief Judge on the points referred to him, together with the additional evidence recorded by him.

No. 95-97—D. C., dated, Bangalore, 3rd January 1898.

Order thereon.—In thanking Mr. Justice J. W. Best for his lucid and exhaustive report, and in accepting generally his conclusions in lieu of those arrived at by the Sub-Divisional Magistrate of Closepet, Government regret to have to observe that, in an important case like this, a Magistrate of such long standing

as Mr. K. Ramachendra Rao not only recorded certain incorrect findings upon insufficient and incredible evidence, but also failed to take steps to prevent the publication of his report which appeared in the newspapers before the Government had an opportunity of dealing with it. These observations will be communicated to Mr. Ramachendra Rao, who has since been transferred to Chikballapur, where he will not be required to conduct any such difficult investigation as the enquiry into the causes of a Railway accident.

Proceedings of the Government of Mysore.

READ:—

Letter No. 7260—332, dated 9th March 1897, from the Inspector General of Education in Mysore.

With reference to Government Order No. 6742-75—R. F. 42-95, dated the 27th January 1897, sanctioning increase of pay from Rs. 4 to Rs. 5 to certain menial servants in the Revenue and General Departments, and calling for recommendations in behalf of the menial servants of other Departments drawing similar pay, I have the honor to submit two lists of menial servants, one of such as draw Rs. 4 a month from the State Funds and the other of such as draw the same pay from the Village School Fund. It will be seen from the lists that there are 59 servants in receipt of Rs. 4 from the State Funds, 11 servants getting the same rate of pay from the Village School Fund, and one from the Local Fund General. The amount of increase in expenditure which will be caused by raising their pay from Rs. 4 to Rs. 5 will be as follows:—

State Fund Rs. 58 a month or Rs.	696	a year.
Village School Fund Rs. 11 a month or Rs.	132	a year.
Local Fund General Re. 1 a month or Rs.	12	a year.
Total Rs.	840	

2. I request that Government may be pleased to extend the benefit of Government Order No. 6742-75—R. F. 42-95, referred to above, to the menial servants of the Education Department and sanction the increase recommended.

3. I also submit two more lists of menial servants in receipt of pay varying from one rupee to Rs. 3 and to recommend that Government may be pleased to show them some concession also.

No. 8441-2—Ed. 213, dated Bangalore, 21st January 1898.

Order thereon.—Government are pleased to raise the pay of the menial servants of the Education Department, shown in the appended Lists A and B, (70 in all) from Rs. 4 to Rs. 5 each and to grant an increase of rupee one to each of the 82 menial servants shown in Lists C and D. These increases will be given effect to from 1st January 1898.

Proceedings of the Government of Mysore,

READ :—

Correspondence ending with letter No. 5420, dated the 17th December 1897, from the 1st Assistant to the Resident in Mysore, *re* the *post mortem* examination of the bodies of persons meeting with death under any of the circumstances mentioned in Section 174 of the Code of Criminal Procedure within the Railway lands in Mysore territory, jurisdiction over which has been ceded to the British Government.

No. 7590-99—J. 868, DATED, BANGALORE, 5TH JANUARY 1898.

ORDER THEREON.—In republishing the Resident's Notification received with the letter read above, Government are pleased to direct that the Medical Officer in charge of hospitals near the Railway lines in question shall conduct *post mortem* examination on bodies that may be sent to them for the purpose by the Superintendent of the Railway Police or officers acting under his instructions and forward their reports direct to the Railway Magistrate, *i. e.*, the District Magistrate of the Civil and Military Station of Bangalore,

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Senior Surgeon, &c., in Mysore, for information and for the issue of medical instructions
The District Magistrates.
The Registrar of the Chief Court.

NOTIFICATION.

No. 5393, dated 15th December 1897.

Under the provision of Section 174 of the Code of Criminal Procedure, 1882, the Resident is pleased, with the concurrence of the Mysore Durbar, to direct that the bodies of persons meeting with death, under any of the circumstances mentioned in the said section, within the Railway lands in Mysore territory, jurisdiction over which has been ceded to the British Government, may, when a *post mortem* examination is required, be forwarded either to the Medical Officer in charge of the nearest hospital in the said territory, for such examination or to the Bowring Civil Hospital at Bangalore, whichever may be the more convenient.

2. Reports of the result of *post mortem* examination in such cases will be forwarded to the Railway Magistrate direct.

K. D. ERSKINE,
First Assistant Resident.

READ :—

Letter No. 3, dated 1st July 1897, from the District Magistrate of Kadur, requesting that, as the criminal work of the Chikmagalur taluk is very heavy, the Taluk Sheristadar Ranganna may be permanently invested with the powers of a Magistrate of the 3rd Class to be exercised by him only on occasions when the Amildar happens to be on leave or away from head quarters on duty.

2. Letter No. 112, dated 3rd August 1897, from the same Officer, submitting for orders of Government his views on the general question of giving relief to Amildars who as a class are overworked, and suggesting either that Taluk Sheristadars when competent may be invested with magisterial powers or, if this could not be done, that the relief required may be given at least as regards head-quarter stations in the form suggested in the Government Proceedings of 2nd March 1895, No. 13682—J. 782, by employing Sub-Registrars as Stationary Magistrates.

Letter No. 2076-51, dated 9th September 1897, from the Registrar of the Chief Court, stating that in the opinion of the Judges the District Magistrate's suggestion regarding the investment of Taluk Sheristadars with magisterial powers should only be adopted if it is impossible to make any other arrangement and that, as the Sheristadar of the Chikmagalur taluk has apparently passed no examination, the Sub-Registrar of Chikmagalur, if he has better qualification, may, in preference, be invested with the powers in question.

No. 7783-84—J. 894, DATED BANGALORE, 10TH JANUARY 1898.

ORDER THEREON.—As the retirement of Ranganna, the Taluk Sheristadar of Chikmagalur, has been ordered with effect from 1st March 1898, it is unnecessary to invest him with any powers for so short a period.

2. With regard to the general question raised in the correspondence read above, it is observed that the Government, as at present advised, consider it undesirable to invest Taluk Sheristadars with magisterial powers, and that as the other questions relating to appointment of Stationary Sub-Magistrates and vesting Sub-Registrars who have passed the Criminal Tests with magisterial powers, require further and very careful consideration, the Government are not prepared at present to pass orders thereon.

Letter No. 346, dated 27th November 1897, from the Inspector General of Prisons in Mysore

No. 7774—J. 888, DATED BANGALORE, 10TH JANUARY 1898.

ORDER THEREON.—The introduction of the Convict Register, Form No. 6, prescribed in the Madras Jail Code, is recommended on the ground that it will supersede the marginally noted registers now in use in Mysore Jails, and exhibit at one glance the whole of the particulars relating to a convict from the time of his admission to that of his discharge, besides furnishing much additional information not obtainable in those registers.

1. Admission Register (Appendix ii of the Mysore Jail Manual).
2. Register of Release („ iv „)
3. Do of Property („ v „)
4. Do of Prisoners Released before Expiry of Time („ vi „)
5. Do of Punishments („ viii „)
6. Medical Inspector's Report of New Admissions („ xvii „)

2. As however the Bertillon System has been ordered to be discontinued in Mysore, the heading of column 8 will require a slight alteration to allow of the entry of particulars to be recorded under the system of identification by finger impressions.

3. It is noted that the columns headed "Promotions and Reductions" have reference to the rules contained in Chapter XXII of the Madras Jail Code, the adoption of which has been recommended by the Inspector General in his letter No. 370—J., dated 2nd December 1897.

4. With these observations the adoption of the Register in question, as appended hereto, is approved in lieu of the six referred to above.

Subject No. 38 of the Proceedings of the Dasara Representative Assembly of 1896.

Summary of Discussion.

(*a*) Licenses to keep guns for self-protection and shikar may be made to run for five years *on payment of a fee of* Rs. 1-4-0 *instead of for one year only on payment of 4 annas as at present.* In more ways than one, the present rules requiring renewal every year lead to considerable inconvenience and hardship.

(*b*) Free licenses should be given to raiyats once for all without any limit of time.

Reply of Government.

(*a*) and (*b*). Noted for consideration. Rules will be altered so as to obviate the inconvenience complained of as early as possible.

No. 7880-915—J. 900, DATED BANGALORE, 11TH JANUARY 1898.

ORDER THEREON.—The present rule with regard to licenses to possess arms and ammunition and to go armed for purposes of sport, protection or display is that they become void after the date of their currency unless a renewal thereof is previously obtained. As this is, however, reported to be attended with much inconvenience, the following words will be omitted from Rule 8 of the Mysore Arms Rules—

"and shall become void after the date named therein, except when the "holder is an inhabitant of the malnad tracts, in which case it shall hold good "till it is cancelled or withdrawn, subject to the payment by him of the prescribed "annual fee."

2. The result of the above modification is that a license once granted will hold good so long as an annual renewal is applied for by payment of a fee under Rule 14. The Government are of opinion that no further modification or concession is necessary.

Letter No. 370—J., dated 2nd December 1897, from the Inspector General of Prisons in Mysore.

No. 8524—J. 981, DATED BANGALORE, 25TH JANUARY 1898.

ORDER THEREON.—The Inspector General of Prisons points out that the present rates of gratuity that can be earned by all classes of convicts in Mysore Jails are excessive as compared with those allowed under the Madras Code, and that, in particular, under the operation of the existing rules an unfair distinction exists between the earnings of life convicts and term prisoners, the former of whom are in a position to earn a much greater sum than the latter during the same period. He therefore considers that along with the Remission Rules in force in Madras, which have been already brought into force in Mysore, we might also with advantage adopt the Madras Rules in the matter of the grading of convicts and convict officers and their remuneration.

2. This proposal meets with the approval of Government, who accordingly direct the introduction into Mysore Jails of the provisions of Sections 410 to 420 and Sections 422 to 427 of the Madras Jail Code in supersession of all previous rules regarding the earning of remission and gratuities by prisoners of all classes.

3. The Inspector General is requested to submit the necessary draft Notification for approval.

The following letters from the Deputy Commissioners of districts, submitting the reports called for in Official Memorandum No. 10962-9—R. 3615, dated 17th June 1897, in regard to the action taken by them for the protection of avenue trees —

1. Letter No. 68, dated 9th July 1897, from the Deputy Commissioner of the Bangalore district, stating that the trees are cared for by the raiyats who planted them, and by the village servants, that planting operations are supervised by shekdars and patels and other taluk officials, and that division and jamabandi officers are enjoined systematically to inspect and report on their condition.

2. Letter No. 5167—1188, dated 30th June 1897, from the Deputy Commissioner, Kolar, stating that the avenue trees in his district are being looked after by the village servants under the direct supervision of the patels, shekdars and the beat policemen, and that the Amildars and Assistant Commissioners attend to the conservation of these trees and notice injuries done to them during their tours of inspection.

3. Letter No. 1906, dated 24th June 1897, from the Deputy Commissioner of Mysore, stating that the task of numbering the avenue trees with tar is laborious and costly, that parties unauthorizedly cutting the branches or injuring the trees will be criminally punished, and that the patels and other village officers will be held responsible for the due protection of the trees within their village limits.

4. Letter No. 1055, dated 19th June 1897, from the Deputy Commissioner, Tumkur, stating that the avenue trees are not wantonly destroyed on any account, the patel being held responsible for any damage done to them within the limits of his village, that the idea of numbering the avenue trees and recording in a register the extent of the private rights existing thereon is good, and that an attempt may be made in this direction if the District Fund will bear the cost of numbering the trees.

5. Letter No. 326, dated 18th September 1897, from the Deputy Commissioner of the Hassan district, stating that orders have been issued to Amildars for the conservation and planting of new trees.

6. Letter No. 25, dated 12th July 1897, from the Deputy Commissioner, Kadur, reporting that the village officials are entrusted with the duty of looking after the avenue trees and of planting and preserving them, that the patels get vacancies filled up with the help of villagers, that inspections are made by Amildars and Jamabandi Officers, that the numbering of avenue trees is hardly useful, save for the purpose of identification, and that the measure would only entail needless expense to Government, and suggesting that the old as well as the young trees may be tarred at the surface root and trunk to a certain height to prevent white ants getting into and otherwise injuring them.

7. Letter No. 1371—1153, dated 25th June 1897, from the Deputy Commissioner, Shimoga, stating that the patels, shanbhogs, shekdars, Amildars, Assistant Commissioners, and the Deputy Commissioner inspect avenue trees every now and then, punish those that do mischief to them and erect fresh plants to be put up in place of the dead trees.

8. Letter No. 64—50, dated 19th July 1897, from the Deputy Commissioner of the Chitaldrug district, stating that wanton mischief to avenue trees is a rare occurrence in that district, where, therefore, the proposed precaution of numbering them with tar is unnecessary, and that the village and taluk officials are quite alive to their responsibility of carefully looking after the safety of the trees.

No. 7537-44—L. F. 345-96, DATED BANGALORE, 5TH JANUARY 1898.

ORDER THEREON.—Recorded with the observation that the proper conservation of avenue trees is a matter to which the Government attach the highest importance and that it is hoped that all possible attention will be paid to it by the District Officers and their subordinates as well as by Local Fund Boards.

Letter No. 645, dated 27th November 1897, from the President of the District Fund Boards, Mysore district, submitting for sanction revised District Fund budget estimates of the French Rocks circle for 1897-98.

No. 8115-18—L. F. 257-96, DATED BANGALORE, 17TH JANUARY 1898.

ORDER THEREON.—The actual opening balance being only Rs. 16,224, the total receipts inclusive thereof will be reduced to Rs. 58,969.

2. On the side of expenditure the following additional provisions proposed under "A. Public Works to be executed by Public Works Department" are passed :—

		Rs.
	Original Works.	
1.	Improving approaches of bridges and drains on the Maddur-Sivasamudram-Cauvery falls road.	477
2.	Re-constructing tunnels on the Seringapatam-Channarayapatna road.	500
3.	Re-constructing the damaged portion of the bridge of one vent at $\frac{7}{10}$th mile on Bangalore-Mysore road *via* Kankanhalli.	416
	Repairs.	
1.	Repairing the travellers' bangalo at Nagamangala	1,348
	Total ...	2,741

At the same time the grant for establishment charges will be raised to Rs. 5,276, being 17½ per cent on the total cost of works.

3. The provision under "B. Public Works to be executed by Revenue Department" will be reduced from Rs. 5,580, to Rs. 4,182 in consequence of the following re-appropriations :—

	Works.	Amount as already sanctioned. Rs.	As now sanctioned. Rs.

	Decrease ...	..	1,398

The amount proposed (Rs. 400) for establishment charges being more than 10 per cent of the cost of works, the same has been reduced in the above to Rs. 380.

4. The modified provisions under "C. Civil Charges" are passed, being either in accordance with Government orders or required to meet necessary charges. The necessity for entertaining an extra vaccinator for Seringapatam should however be explained.

5. In consequence of the modifications indicated in the preceding paras the closing balance of the District Funds is reduced to Rs. 7,304,*or much below the prescribed minimum, a fact which, even with the retrenchments referred to in the Sub-Division Officer's letter, is explained to be unavoidable.

Letter No. 187, dated 15th December 1897, from the Superintendent, Government Gardens Bangalore.

In respectfully drawing attention to the extensive growth of the exotic shrub, *Lantana Camara*, Linn, within the territories of Mysore, I have the honor to propose that effective measures may be taken to limit the growth of this plant.

2. *Reasons for Limitation.*—Kept in its proper place, this species of *Lantana* serves a useful purpose in helping to reclaim barren tracts of land and rock of which there is so much in the country. But where the soil is already fertile it should only be admitted with much caution and to a very limited extent. Planted in good land it grows most luxuriantly, throwing out suckers and seedlings on every side. Birds also eat the fruit and deposit seed far and wide. Fortunately a large percentage of the seed is unfertile, so that propagation from that source is not so extensive as would at first appear. Once established, the plant possesses great tenacity of life, and like the prickly pear, it will appear again and again after being uprooted. It is only when all the roots and dormant seeds have been removed from the soil that resuscitation ceases, and this, it should be remembered, is an expensive and difficult task when the shrub covers a large area.

3. *Distribution.*—*Lantana* is now found in varying quantity throughout the principal routes and thoroughfares of the province. It is established in the large towns as also in many villages, while in the Hunsur taluk it covers thousands of acres of scrub jungle and is fast encroaching on cultivated lands. But to realize what is likely to happen one has only to look around Bangalore itself where untrimmed fences of *Lantana* may be seen advancing into the adjacent fields on every side.

4. *Cause of Distribution.*—There is no denying the fact that *Lantana* is both attractive and protective, while its easy propogation by division is a further incentive for cultivation. When properly trimmed and kept, it affords a neat and very serviceable hedge, either for the compound or roadside. The above qualities have led to an extensive use of *Lantana* for hedging purposes. But in many cases no attempt is made in subsequent treatment to keep the plant within reasonable bounds, hence it spreads over useful land and becomes a cover for vermin and filth. The evil is aggravated by the protection afforded to the plant on private properties, and until a Bye-Law is formed to enforce pruning and the removal of suckers, the species will continue to spread in every direction. Being obnoxious to cattle and very thorny, the plant lends itself to purposes of protection which the raiyat has not been slow to appreciate, and by utilizing it in the villages to protect special cultures he is establishing a pest which will eventually cause trouble.

5. In the maidan country the evil is still in its infancy and can easily be grappled with by the authorities. The greatest danger would result from allowing the species to run wild in the villages, which, in all probability it would do if not arrested in time.

With these few words of warning I have, &c.

F. 276-96, dated 4th August 1897, proposition statements of increases to the strength and pay of the municipal establishment recommended by the Board.

2. Letter No. 118, dated 1st December 1897, from the same Officer stating, with reference to Government Proceedings No. 6961—L. F. 226-96, dated 26th November 1897, that the necessity for retaining the existing Sanitary Inspector under the designation of Assistant Sanitary Inspector with an increase of Rs. 10 to his pay has been explained in the proposition statement which was placed before the Board and approved of by them.

No. 7658-70—L. F. 276-96, DATED BANGALORE, 7TH JANUARY 1898.

ORDER THEREON.—The revision proposed by the President is briefly as follows :—

		Rs.	a.	p.	
II.	Head office—Increase of salaries to the existing hands ...	20	0	0	*per mensem.*
III.	Collection—Pay to additional hands (three assistant shanbhogs, two clerks,) one dafadar and eight peons and increases to the existing establishment	114	0	0	ditto
IV.	Conservancy—(*a*) Pay of additional hands (15 totis, four peons, seven sweepers, one sweeper mestri and two scavenger mestris) and increases of pay to certain existing hands	196	0	0	*ditto*
	(*b*) Cost of additional carts	120	0	0	ditto
VI.	Registration of births and deaths—Increase to the pay of the mutsaddi	4	0	0	ditto
VIII.	Public Works supervision—Decrease of Rs 23½ due to abolition of certain tank watchmen and entertainment of two watchmen for Dharmambudhi tank feeder channel..	₹23½	0	0	ditto
X.	Education—Increase due to additional hands (Tamil Munshi) and increases of pay to certain teachers in the English school	22	10	8	ditto
	Increase due to increases of pay to teachers in the Kannada Boys' school	22	1	4	ditto
	Total net increase per mensem ...	493	4	0	
	Total increase per annum ...	5,919	0	0	

2. The increases proposed are mainly under "Head Office," "Collection" and "Conservancy." With regard to the Head Office it is represented that the low salaries now attached to some of the appointments are not a sufficient inducement for efficient men to take up service under the municipality, and that the work in the office having of late considerably expanded, there is necessity for strengthening the establishment. The grounds urged for the increases and additional hands proposed for the Collection and Conservancy Departments are the necessity for preventing the accumulation of arrears in collections, the inadequacy of the present pay of Conservancy Overseers considering the risks they undergo, the extension of the daily conservancy system, the increasing requirements of the Conservancy Department due to the growing dimensions of the city, and the fact that the large increase of work, such as prosecutions under the Municipal Regulations, has proved too much for one Sanitary Inspector. The necessity for the increases under "X Education" is reported to have been strongly urged by the City Municipal Schools Committee.

3. The proposed revision of establishment appears to Government to be on the whole reasonable, and they are accordingly pleased to accord their sanction thereto.

4. The provisions on account of these items, which were provisionally retained in the original budget, will now be passed.

1	Head Accountant	50 0 0		1	Head Accountant	60 0 0		10 0 0	Increases are proposed to certain deserving officials and the pay of certain appointments which carry very low salaries is proposed to be raised so as to make such posts attractive to competent men. As the grades stand at present it is not possible to secure the services of efficient men on Rs. 8 and 10 and the work in the Head Office having since expanded considerably, the establishment needs to be strengthened to cope with the heavy and increasing work. The increases in salaries have had the approval of the Board and may kindly be sanctioned by Government with effect from the 1st July 1897.

1	Assistant Sanitary Inspector and Prosecuting Inspector.	35+10 0 0		1	Assistant Sanitary Inspector and Prosecuting Inspector.	40+10 0 0		10 0 0		.....		The services of an Assistant Sanitary Inspector are necessary inasmuch as the dimensions of the city including extensions are very large and are too much for an official to manage efficiently. The requirements of the Conservancy Department are ever increasing and have to be attended to promptly. Prosecutions under Municipal Regulations are also increasing and show a tendency to increase and the care and attention of a separate official for this work are absolutely necessary. Hence the retention of the existing official. As he has put in a long service and is also an useful servant of the municipality, a slight increase is proposed to his pay. A slight increase is given to some of the deserving Conservancy Overseers whose pay, as compared with those of similar officials in the Civil and Military Station doing the same work, is extremely low. It is hardly possible to expect good and honest men, on whom mainly depends the existence and continuance of sanitary conditions including a high standard of public health to work satisfactorily on the pittance of Rs. 15. The exposure to danger which these men have to undergo in the performance of their duties must be seen to be understood and appreciated. The establishment of sweepers and totis is strengthened as the existing staff is inadequate to cope with the work that will be entailed owing to the extension of daily conservancy system in the city. Any improvement that may be effected in the important branch of the municipality can only begin with the strengthening of the Conservancy staff. This department has had my best attention and experience has taught me that progress in sanitary conditions and maintenance of a high standard of public health can only be effected by a strong, efficient and reliable staff in the higher as well as in the lower grades.

READ :—

Letter No. 950, dated 12th March 1897, from the President of the Minor Municipalities in the Bangalore district, submitting proposals in regard to the extension of the Tyamagondlu Municipality.

No. 7649-51—L. F.82-97, DATED BANGALORE, 7TH JANUARY 1898.

ORDER THEREON.—In the letter read above, the Deputy Commissioner explains the necessity for extending the town of Tyamagondlu in consequence of its growing trade and population and the great demand for house sites; and proposes to acquire certain lands for the purpose, partly by agreement with the owners and partly under the Land Acquisition Regulation. The proposal is approved. The usual declaration should be submitted with regard to the lands to be compulsorily acquired.

2. In order to enable the municipality to meet the initial outlay, an advance of Rs 3,000 is applied for to be recouped by the sale proceeds of sites. The Government are pleased to sanction the grant of the loan applied for at four per cent interest, on condition of the Municipal Board of Tyamagondlu agreeing to repay the principal and interest in five equal annual instalments. Due provision on this account should be made in the budgets of the municipality for the five years commencing 1898-99. There is, however, nothing to prevent the Board from making an earlier repayment if they can do so either from the sale proceeds of sites or from other funds at their disposal. An engagement in the usual form should be obtained from the President of the Board.

3. The proposed sale of sites in blocks devoted to particular castes and classes at fixed rates is a matter which will be left to the discretion of the President and the Board, who will no doubt see that the prices fetched cover at least the cost of acquiring the lands and laying out roads, streets, &c.

4. Lastly, the President urges the necessity for appointing a mutsaddi on Rs. 8 per mensem to look after the conservancy and sanitation of this municipality. On this point, the President should have submitted a separate reference. The appointment is, however, sanctioned with effect from the 1st January 1898, subject to the budget provision available being pointed out.

Correspondence ending with docket No. 1021 –953, dated 10th June 1897, from the Deputy Commissioner, Chitaldrug district, submitting a copy of the decision arrived at on the dispute regarding the three boundary stones fixed by the Madras Survey Department so as to include in the Kanajanahalli village, Madakasira taluk, Anantapur district, portions of Survey Nos. 55 and 58 of the Sugur village, Hiriyur taluk.

(2) Letter No. 3196, dated 5th August 1897, from the First Assistant to the Resident in Mysore.

In reply to your letter No. 3285—R. 1144. dated the 24th September 1896, I am directed to state that the three boundary stones wrongly erected by the Madras Survey Department in Survey Nos. 55 and 58 of the Sugur village in the Hiriyur taluk, have since been removed therefrom, and that a Theodolite Stone Station on the south bank of the stream lying between the above village and the British Territory has been buried flush with the ground. The report on the subject made by the Madras Survey Department is enclosed for perusal and for favor of return.

2. The three maps received with your letter are herewith returned.

Summary of evidence and decision.

From the evidence, it is clear that the land in dispute belongs to **Mysore and that the stream is the boundary between the British and Mysore Territories between the points marked Y—Z on the sketch.**

The Field Surveyor who demarcated the village of Kanajanahalli evidently included the whole stream within the village boundary thinking that as a Theodolite Station Stone (which he must have thought was a boundary stone) was fixed on the Mysore side of the stream at the point X in the sketch, the whole stream belonged to Kanajanahalli village.

The boundary between Mysore and British Territories at this point was, it is believed, settled in 1867. The present dispute has therefore arisen from a mistake made by the Surveyor, which was not detected at the time and has only now been brought to notice by the Mysore officials.

The stream should be considered the boundary between the British and Mysore Territories and a line drawn along the centre of the stream in the map as the boundary line between the British and Mysore Territories between the points marked Y—Z on the sketch.

No. 6058-9—R. F. 160-96, DATED BANGALORE, 7TH JANUARY 1898.

ORDER THEREON.—Recorded, with the observation that the dispute seems to have arisen from a mistake made by the Field Surveyor of the Madras Survey Department, who thought that by the existence of the Theodolite Station Stone on the Mysore side of the stream which is now sunk flush with the ground, the whole stream belonged to the Kanajanahalli village, while the stream should, as now determined, have been considered to be the boundary between the British and Mysore Territories.

Report on "Meteorology in Mysore" for 1896, submitted by the Director of Meteorology in Mysore with his letter No. 257, dated 2nd December 1897.

No. 6245-53—R. F. 56-97, DATED BANGALORE, 14TH JANUARY 1898.

ORDER THEREON.—The report submitted by the Director of Meteorology is an interesting review of the results of observations made at the four stations in the province, *i. e*, Bangalore, Mysore, Hassan and Chitaldrug. The results recorded during the year have been compared with those for Madras and with the average for the four years 1893-1896 for the whole State.

2. *Atmospheric Pressure.*

	Bangalore.	Hassan.	Mysore.	Chitaldrug.
Monthly mean Bar. range for 1896	·251	·243	·2 1	·284
Average for four years 1893-96	·257	·243	·259	·266
Yearly Bar. range for 1896	·483	·459	·453	·537
Average for 1893-96	·452	·417	·426	·488

It will thus be seen that the monthly mean barometric range for 1896 differed very slightly from the average for four years in Bangalore, Mysore and Chitaldrug, while it was the same as the average in Hassan. The yearly range in all the stations was considerably above the mean. December was the month of the greatest mean pressure and June that of the least. The remarkable feature under this head was that unlike the year 1895, the atmospheric pressure in 1896 rose steadily from June to October and fell in November. It fell below the yearly mean from April to September.

3. *Temperature.*

	Bangalore.	Hassan.	Mysore.	Chitaldrug.	Madras.
The maximum dry temperature in shade for the year was	98·6 on 25th April	98·0 on 25th April.	9 ·9 on 25th A ril	102·0 on 25th April	112·4 on 15th May
While the minimum was	51·4 on 19th January	48·5 on 21st January	53·7 on 22nd January	55·7 on 4th January	61·7 on 12th January

It will be seen from the above Table that the hottest month in 1896 was April in Mysore and May in Madras, and that January was the coolest both in Mysore and in Madras.

4. *Humidity and Aqueous Vapour Pressure.*—The mean humidity during the year was 59 per cent, which is one per cent below that for the previous year and 3 per cent below the normal for four years 1893-96. The most humid months were July and August and the driest month was February.

5. *Rain.*—The average rainfall gauged at the four observing stations during the year was 29·65 inches on an average of 105 days or 1·70 inches below the average for four years 1893-96. The heaviest rainfall on any one day was in Bangalore on the 23rd November 1896, the quantity gauged being 3·07 inches.

6. *Wind Velocity.*—The highest velocity of the wind, *i. e.*, about 600 miles per day, was registered at Mysore on the 25th July, and the lowest velocity of 27 miles at Hassan on the 27th January 1896.

7. *Wind Direction.*—The variations of the wind direction show that the South-West Monsoon definitely set in all over Mysore by the end of April and North-East Monsoon was quite established by the middle of October.

8. The Weather-graphs and other Tables appended to the report contain valuable and useful information, and the thanks of Government are due to Mr. J. Cook, M. A., F. R. S. E., for the efficient work done in this institution. The report will, as proposed by the Director, be published and copies distributed as usual, a list showing such distribution being submitted to Government for information.

No. 6062-9—R. 1975, DATED BANGALORE, 7TH JANUARY 1898.

ORDER THEREON.—The subjoined table compiled in this office exhibits the manner in which the District Jamabandi work for the current year 1897-98 is proposed by the Deputy Commissioners to be distributed between themselves and their Assistants.

2. The Deputy Commissioner, Kolar, does not state what arrangements he would make for the discharge of the Treasury duty during the absence of the Treasury Assistant Commissioner on jamabandi work at Mulbagal and Chintamani.

3. None of the Deputy Commissioners have, in spite of the instructions laid down in para 4 of Government Proceedings No. 5022-30—R. 2029, dated 23rd December 1896, reported the probable date on which the jamabandi work is likely to be completed. It is hoped that such omissions will not recur.

4. The Deputy Commissioners are requested to arrange for the completion of the district jamabandi work as early as practicable, attention being paid by the Jamabandi Officers to the instructions laid down in para 4 of Government Proceedings No. 2594-601—R. 954, dated 5th September 1896.

Revenue, dated 10th January 1898.

No. 6164-71—R. F. 122-93, DATED BANGALORE, 10TH JANUARY 1898.

ORDER.—Government have been endeavouring during some years past to obtain and compile certain statistics of revenue derived from, and expenditure incurred on, the Major Irrigation Works of the country since the Rendition in 1881. In Proceedings No. 1900-8—R. F. 122-93, dated 18th August 1896, the form of return previously prescribed for the purpose was considerably simplified, and a list was issued showing the expenditure incurred by the Public Works Department on the major works therein named, and Deputy Commissioners were requested to furnish returns of revenue from these works and other similar works which may have been carried out by the Revenue Department. Although nearly fifteen months have elapsed, the returns due from Deputy Commissioners have been but partially received. In the aforesaid list of works to be reported upon, there were included—

40 channels, 11 tanks newly constructed, 507 tanks restored and 93 tanks improved, total 651 works, upon each of which more than Rs. 2,500 had been expended. It is only for 51 of these works that correct returns have been received and accepted. Returns received for 22 works have been sent back for correction of errors therein pointed out. No returns have been received for 578 works. These figures stand distributed between the several districts as shown below:—

2. It will appear from the foregoing statement that the Kadur district has been most attentive to the subject as usual. Mysore, Hassan and Shimoga have made but a feeble response. Bangalore, Kolar, Tumkur and Chitaldrug have not responded to any extent. Government consider this very unsatisfactory, all the more so, because the required statistics have to be prepared, in the first instance, not by a single official or a few officials in the entire district, but by almost as many shanbhogs as there are works to be reported upon. And what is required is only that Amildars concerned should bestir themselves and get these shanbhogs to do the work, and that the Deputy Commissioners should see that the Amildars are mindful of their duty in this respect. Government regret the necessity of having to point out the above plain course of action to Deputy Commissioners whose inattention to repeated orders has caused this undesirable and avoidable delay.

2. *Local Cess.*—There has been a general decrease under "Demand" in all the districts except Tumkur and Chitaldrug resulting in a net decrease of Rs. 14,087 shown below. It is reported that the heavy decrease in the Shimoga district is chiefly due to the falling off in Sayer Revenue :—

Districts.	1895-96.	1896-97.	Difference.
Bangalore	1,35,703	1,32,965	—2,738
Kolar	1,31,050	1,29,522	—1,528
Tumkur	1,06,511	1,07,549	+1,038
Mysore	1,61,912	1,61,727	—185
Hassan	93,094	93,572	+478
Shimoga	1,19,676	1,11,377	—8,299
Kadur	80,604	76,313	—4,291
Chitaldrug	58,261	59,699	+1,438
Total ...	8,86,811	8,72,724	—14,087

3. The balances remaining uncollected in the Mysore, Kolar, Shimoga and Bangalore districts are heavy and the Deputy Commissioners concerned are requested to take steps to collect them at an early date.

4. *Irrigation Cess.*—In the Shimoga district the closing balance is heavy and calls for early action.

5. *District Fund.*—The balances of Rs. 1,412 and Rs. 1,162 remaining uncollected in the Mysore and Shimoga districts should receive early attention.

READ THE FOLLOWING :—

Letter No. 421—333. dated 24th December 1897, from the Deputy Commissioner, Shimoga district.

I have the honor to request that Government may be pleased to afford what relief it can in the case of shanbhog Appannaiya of Hunagal village, Sagar taluk.

2. He collected Rs. 58-15-9 from various raiyats of his village on 24th April 1897 and gave them receipts and went away to another village for collection. These sums were all entered in khates, and the list is appended to this letter in the margin. Besides this, he kept Rs. 101 to be paid towards his kandaya and placed the whole lump Rs. 159-15-9 in his house.

Name.	Amount. Rs.	a.	p.
1. Subbannaiya of Channegankan village ...	11	11	0
2. Juttaiya ditto ...	5	0	9
3. Subbaiya, Katemkaru village ...	22	12	0
4. Sankaiya, Babbagi village ...	11	2	6
5. Nilaya	8	5	6
Total ...	58	15	9

3. On the 27th one of the boys in his house (a nephew aged some eight or ten years) when going to get kerosine oil out of a tin, set fire to it, whereby it exploded with the disastrous result that the large house (wooden structure with a thatched upper covering after the fashion of the better class of malnad houses) was burnt down; and that the nephew and a young son of the shanbhog aged three or four years were caught in the flames and lost their lives.

4. Rupees 224-1-9 was the total kandaya due from this man. Rs. 194-5-7 has been recovered from the potigi due to the man leaving a balance of Rs. 28-13-2. With Rs. 58-15-9 the amount of collections made but not remitted to the treasury, a sum of Rs. 87-12-11 is due to Government from him. I beg to recommend that Government may forego this sum altogether. As the sum of Rs. 58-15-9 is standing yet against the raiyats as shown in the margin I would suggest that the amounts may be shown as remissions against their names.

5. If in addition to this the man applies for any assistance in the shape of free grant of timber, the matter will be duly disposed of in accordance with the rules in force.

No. 6221-2—R. 2020, DATED BANGALORE, 14TH JANUARY 1898.

ORDER THEREON.—Under the circumstances represented in the letter read above, Government are pleased to sanction the remission of Rs. 87-12-11 due by shanbhog Appannaiya, including the sum of 58-15-9 collected by him but not remitted to the treasury.

Returns of "Revenue Cases" and "Miscellaneous Proceedings" filed, disposed of and pending in the several Revenue Courts of the Mysore province for the months of July, August and September 1897.

No. 6209-16—R. 2017, DATED, BANGALORE, 14TH JANUARY 1898.

ORDER THEREON.—The appended statement marked A prepared in this office shows the number of regular "Original," "Appeal" and "Referred" cases filed and disposed of during the period under review as compared with the corresponding period of 1896.

2. In the Kadur district there are no cases pending disposal. The dates of the oldest cases pending in the Bangalore, Shimoga, Tumkur, Chitaldrug and Hassan districts are given below :—

Bangalore	...	...	..	15th January 1895
Shimoga	...	...	...	11th do
Tumkur	...	...	...	19th February 1897
Chitaldrug	...	...	..	12th March 1897
Hassan	...	...	..	14th April 1897

3. The Deputy Commissioners concerned are requested to arrange for the early disposal of these cases, especially the Deputy Commissioner, Bangalore district, where cases dated so far back as the 15th January 1895 are still pending. In the returns received from the Kolar and Mysore districts, these dates have not been given in spite of the remarks made in previous reviews. The Deputy Commissioners of these two districts are therefore requested to explain the omission and to see that these particulars are not omitted in future returns.

4. The disposal of Petitions and Miscellaneous proceedings is exhibited in the subjoined statement marked B. The balance shown as pending under "Orders, Reports, &c." in the Mysore district is very large and requires early attention.

READ:—

Report on Rainfall Registration in Mysore for 1896, submitted by the Director of Meteorology in Mysore, with his letter No 257, dated 2nd December 1897.

No. 6254-62—R. F. 56-97, DATED BANGALORE, 14TH JANUARY 1898.

ORDER THEREON.—There were altogether 178 Rain-gauge Stations or three more than the number for 1895, the stations of Holavanahalli, Tovinkere and Gummigatta in the Tumkur district being newly added to the list. Except in the districts of Hassan and Kadur, there was an improvement in the work of inspection of Rain-gauge Stations. It is hoped that the Deputy Commissioners of Hassan and Kadur will arrange for showing better results in future. Each Rain-gauge Station should be inspected by a competent Revenue Officer twice a year at least.

2. The average rainfall for the whole State was 44·83 inches, showing an increase of 7·02 inches over the average for 1895, and of 10·44 inches over the average for the past 27 years. The excess during the year was due to abnormally heavy rains in the malnad districts of Shimoga, Kadur and Hassan.

The 60 years' mean rainfall at Bangalore, Mysore, Tumkur and Shimoga was 31·84 inches and the 27 years' mean for the remaining district head-quarters of Kolar, Hassan, Chitaldrug and Chikmagalur came up to 28·92.

3. With the help of the newly printed Rain-record Books issued in 1896 by the Meteorological Office, the Deputy Commissioners are requested to make suitable arrangements to prevent the recurrence of discrepancies between the monthly returns submitted to Government and published in the *Gazette* and those furnished to the Director of Meteorology.

4. The thanks of Government are due to the Director of Meteorology for the well arranged, useful and reliable statistics carefully collected and embodied in the report under review. He is requested to distribute copies of the report as usual, and forward 25 copies to this office.

Letter No. 1013—289, dated 21st September 1897, from the Deputy Commissioner, Kolar district, reporting upon the petition of Lakshmipataiya, brother of Ramappa, shanbhog of Vaniganahalli, Mulbagal taluk, praying for the transfer of the village to the Srinivaspur taluk, on the ground that the said village and the villages of Arkere and Seshapur, which have been transferred from the Mulbagal to the Srinivaspur taluk, form one shanbhog charge.

ALSO:—

Letter No. 260, dated 27th October 1897, from the Superintendent of Revenue Survey in Mysore, expressing his opinion on the above subject.

No. 6316-7—R. F. 91-95, DATED BANGALORE, 15th JANUARY 1898.

ORDER THEREON.—The Deputy Commissioner reports that one Subbaiya was the shanbhog of Vaniganahalli and Venkataramaiya of the Arkere and Seshapur villages, that the former died without issue and the latter has left a minor son named Krishnappa, who is now the registered shanbhog of the last named two villages, and that Ramappa, the brother of the petitioner as well as of Venkataramaiya, is looking after the duties of all the three villages. He further states that it is not clear how the three villages which belonged to two different shanbhogs came to be formed into one charge at the survey settlement, and that the transfer prayed for by the petitioner would be locally inconvenient, as it would leave Vaniganahalli within the limits of, and in the midst of, other villages belonging to the Mulbagal taluk; and therefore recommends the village being constituted into a separate charge in the same taluk, with a separate potigi allowance fixed therefor.

2. The Superintendent of Revenue Survey states that, at the time of the potigi settlement, the three villages above referred to were entered by the Revenue authorities as belonging to one *hak*, and that therefore they were made into one charge. Colonel Grant, however, suggests that as the transfer of the village to the Srinivaspur taluk is territorially inconvenient, it may be made a separate charge in the Mulbagal taluk.

3. Government agree with the Deputy Commissioner and the Survey Superintendent and are accordingly pleased to sanction the constitution of the Vaniganahalli village into a separate charge in the Mulbagal taluk to which it is now attached. The potigi for the Arkere scale will be revised and that for Vaniganahalli fixed separately.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kolar District, for information and guidance and for communication to petitioner.

No. 6382-9—R. 2064, DATED BANGALORE, 17TH JANUARY 1898.

ORDER THEREON.—With the above, the Deputy Commissioners of districts submit, in pursuance of Circular Memo No. 3117-24—R. 1098, dated 21st September 1896, statements showing the final disposal of applications sanctioned by Government for the grant for cultivation, &c., of gomal lands during the quarter ending 30th September 1897.

2. The following is an abstract compiled from the above statements.

No.	Districts.	Total No. of applications sanctioned by Government awaiting disposal at the beginning of the quarter.	Sanctioned during the quarter.	No. of darkhasts in which possession of land was made over to the applicant or purchaser.	No. of applications pending for disposal by the Deputy Commissioner at the end of the quarter. 3. The necessity for the expeditious disposal of these darkhasts has to be pointed out to all the Deputy Commissioners The Mysore and Hassan districts had the list with very large numbers of pending darkhasts and it is hoped that the Deputy Commissioners of these districts will see that they are disposed of at an early date. The explanation called for from these Deputy Commissioners in para 2 of Government Proceedings No. 1151-8—R. F. 3-97, dated 27th July 1897, is still due.

4. The attention of the Deputy Commissioner of Kadur is drawn to the very old cases pending disposal, the oldest case relating to the year 1889-90.

READ :—

(1) Petitions Nos. 488 and 776, dated 1st August and 25th August 1896, respectively, from Chikkagirappa, shanbhog of Bagade, Arsikere taluk, appealing against the Deputy Commissioner's order fining him for unauthorized cultivation of the bed of a katte deducted as phut kharab in Survey No. 2 of Joganahalli village.

(2) Letter No. 653, dated 14th Januray 1897, from the Deputy Commissioner, Hassan district, reporting on the above and submitting the records of the case.

(3) Correspondence ending with letter No. 151, dated 18th August 1897, from the Superintendent of Revenue Survey in Mysore.

The facts of the case are briefly these—The appellant is the khatedar of Survey No. 2 of Joganahalli village, measuring 17 acres (of which 10 acres and 21 guntas are dry, 5 acres and 19 guntas consist of garden land and 1 acre is kharab) and assessed Rs. 41. One Puttuswamaiya presented a petition to the Deputy Commissioner on the 24th January 1894, stating that he had bought one-third of this survey number, and complaining that the khatedar (appellant) had cultivated the bed of a katte which had been constructed to intercept water for the benefit of the complainant's garden lands below.

The Amildar, to whom the petition was sent for enquiry and report, reported that there existed on the land marks of an old bund below which Puttuswamaiya's land was situated, that the katte was shown in the village map and deducted as kharab, and that the appellant had unauthorizedly cultivated it.

On a reference made by the Deputy Commissioner to the Survey Superintendent as to why kharab to the extent of 1 acre was deducted, the latter stated that 2 guntas were allowed for a well, 5 guntas for a channel and 33 guntas for a katte.

The Deputy Commissioner after inspecting the spot passed the following order on the 9th January 1896—"The land was originally the bed of a tank which is shown in the village map. "The bed was deducted at the survey as phut kharab. The shanbhog had no business to cul- "tivate it, more especially as it deprives the other sharer of the benefit of the katte. The tank "should be left intact. For this unauthorized cultivation the shanbhog is fined the assessment "for eight years during which he has been cultivating it. If he fails to restore the katte, he will "have to be ejected."

In his appeal to Government the appellant urged *inter alia* that there was nothing in Rule XVI of the Land Revenue Rules prohibiting him from bringing the bed of a katte, being phut kharab, under cultivation and that the restoration of the katte, the bed of which had been converted into a garden eight years ago would inflict undue hardship upon him.

The Superintendent of Revenue Survey, who was requested to favor Government with his opinion regarding the appellant's liability to be fined and to report whether any portion of the kharab was reserved for any purpose at the survey settelment, reported that in the case of the well, the occupant could not cultivate, that, in the case of the channel, he would clear have no right to cultivate, that, in the case of the katte he would have no right to cultivate, unless it was clearly his own property free from all outside claims such as the use of its water by the general public or the villagers or its water being used for irrigation; that the last point which had been made clear in the old Survey Rules was not specially provided for in the Rules under the Land Revenue Code, that no special reservation was made at the settlement and that the appellant's liability to be fined should depend upon the use to which the katte was put as per mamul. On a reference made by this office, the Deputy Commissioner reported that the katte in the existing state of the bund was capable of containing water for one or two months in the year and that its only use was to preserve moisture for the land behind it which was held by the respondent Puttuswamaiya. The Survey Superintendent, who was thereupon requested to submit a draft of the rule he would propose to meet cases of this kind, proposes the addition of the following words to para 1 of Rule XVI of the Land Revenue Rules.

* * * * * *

"or to cultivate at all the bed of a tank or katte whensuch tank or katte is useful to land below "it or is used for domestic or drinking purposes by others than the occupants of the survey "number in which it is situated."

No. 6400-401—R. 2073, DATED BANGALORE, 17TH JANUARY 1898.

ORDER THEREON.—Government observe that the restrictive words "others than the occupants of the survey numbers in which it is situated" are unnecessary and are moreover not to be found in the corresponding Bombay Rule. The rule as thus amended is approved.

2. The following Notification will be published in the *Mysore Gazette*:—

NOTIFICATION.

No. 6402—*R.* 2074, *dated* 17*th January* 1898.

In exercise of the powers conferred by Section 233 of the Land Revenue Regulation, the Government of Mysore are pleased to direct the following addition at the end of para 1 of Rule XVI of the Land Revenue Rules.

"Or to cultivate at all the bed of a tank or katte when such tank or katte si "useful to land below it or is used for domestic or drinking purposes." With this addition the rule will be as quoted hereunder :—

Section 48. *Rule XVI.*—"In the Survey Registers a deduction is made in "some fields on account of barren land (phot kharab) and "the assessment placed on the arable land alone. In "the event of any portion of the land so deducted being brought under cultivation, "no extra assessment need be levied on that account. This rule, however, does not "confer permission to obstruct roads, channels and right of way generally or to "cultivate at all the bed of a tank or katte when such tank or katte is useful to "land below it or is used for domestic or drinking purposes."

Phot kharab.

3. The Deputy Commissioner is requested to dispose of the complaint of Puttuswamaiya and the appeal of Chikkagiriyappa in accordance with the foregoing rule.

No. 6476-84—R. F. 58-96, DATED BANGALORE, 18TH JANUARY 1898.

ORDER THEREON.—The above statement shows a very backward condition of progress in this important matter. Out of Rs. 1,70,370 sanctioned, only wells valued at Rs. 31,620 have been fully completed, and loan orders issued. Loans amounting nearly to a quarter lakh seem to have been cancelled or recovered, while

432 wells costing Rs. 1,13,515 are still under construction. Government regret to observe that the real progress as now reported is very small when compared with what has to be done. The Deputy Commissioner is therefore requested to give his personal attention to this important matter and to see that the present dry season is taken advantage of and efforts made to bring all these incomplete wells to completion.

The Deputy Commissioners of Bangalore, Kolar, Chitaldrug, Shimoga, Kadur and Hassan are requested to submit at an early date a statement similar to the one submitted by the Deputy Commissioner of Tumkur.

Correspondence ending with letter No. 830, dated 16th December 1897, from the Deputy Commissioner, Bangalore district, regarding the grant in exchange of certain land for the service inam land resigned by the toti in the Doddagatiganabi village, Hoskote taluk.

No. 6540-8—R. 2129, DATED BANGALORE, 19TH JANUARY 1898.

ORDER THEREON.—The Deputy Commissioner states that Survey No. 71, (toti service inam land) extent guntas 20, assessment Rs. 3-8-0, in the Doddagatiganabi village, Hoskote taluk, was cut up into parts owing to the channel excavated by the Public Works Department in 1885-86 and kodi water flowing thereon and recommends that, in lieu of the land in question, Survey No. 62 of the same village, extent guntas 19, assessment Rs. 3-8-0 (not Rs. 4-8-0 as erroneously stated in the Deputy Commissioner's first report), be granted to the toti as service inam land.

2. Under these circumstances, sanction is accorded to the grant as service inam of Survey No. 62, subject to the payment of the usual quit-rent and cesses. The remaining portion of Survey No. 71, which is said to be fit for cultivation, will be treated as Government assessed land and disposed of under the darkhast rules.

3. The Deputy Commissioner's serious attention is drawn to the discrepancy in the assessment as originally reported and subsequently corrected. It is possible that the khetwar patrike has not been accurately prepared with reference to the akaraband and it is desirable that the Deputy Commissioner should lose no time in impressing upon Amildars and Jamabandi Officers the necessity of instituting a careful comparison between these accounts and ensuring their thorough accuracy.

Docket No. 596—559, dated 22nd Dec. 1897, from Deputy Commissioner, Chitaldrug district.

No. 6552-60—R. F. 8-97, DATED BANGALORE, 19TH JANUARY 1898.

ORDER THEREON.—A sum of Rs. 24,000 was allotted for advances to be made for irrigation wells in the Chitaldrug district for the year 1896-97, while a sum of Rs. 30,720 has been sanctioned by the Deputy Commissioner for 112 wells. The Deputy Commissioner now explains on a reference from this office, that, in anticipation of Government sanction the excess sanction of Rs. 6,720 was accorded in consideration of the adverse state of the season, and he accordingly requests

permission to make advances to the extent of Rs. 6,720 on account of these wells out of the grant made for the year 1897-98.

Under these circumstances, Government are pleased to authorize the Deputy Commissioner to sanction advances in the manner proposed by him with the remark that the matter should have been reported before the irregularity was noticed by this office.

2. The number of old darkhasts pending disposal for one year and upwards in each of the following taluks calls for early attention on the part of the Amildars concerned :—

Taluks.	No.

3. The total number of darkhasts shown in the abstract statement of the Tumkur district does not tally with the details as given in the statement printed above. Such discrepancies should be avoided in future.

4. The Deputy Commissioner of Chitaldrug has omitted to append to the return under review the abstract prescribed in para 3 of Government Proceedings No. 152-9—R. F. 67-95, dated 7th July 1896. Such omissions should not recur.

5. In the returns for the quarter ending 30th June 1897, no darkhasts were shown as pending against the marginally noted taluks while the returns under review exhibit darkhasts of a long-standing nature as pend-

ing. The Deputy Commissioners concerned are requested to explain the cause of the omission to include such old darkhasts in the returns for the quarter ending 30th June 1897.

6. The returns of the Mysore and Hassan districts were as usual received long after they were due and the figures do not show any improvement. In Mysore the figures of pending darkhasts rose from 764 to 967 and in Hassan from 543 to 698. Of these 25 and 94 were pending for upwards of three years while similar figures in the return for the previous quarter were 19 and 78. It is unsatisfactory to note that these Deputy Commissioners allow such heavy pending files to be continued from quarter to quarter and the Government earnestly hope that they will not be under the necessity of pointing out the laxity of work in this important branch in their districts again. It is desirable that the Deputy Commissioners should go through the lists and remove the cause of delay after finding it. A special report of their action in this respect will be submitted with the returns of the next quarter.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.

READ :—

Docket No. 1212, dated the 19th May 1897, from the Deputy Commissioner, Bangalore district.

No. 6858-9—R. 2240, DATED BANGALORE, 25TH JANUARY 1898.

ORDER THEREON.—With the above, the Deputy Commissioner submits statements showing the particulars of irrecoverable balances in the undermentioned taluks, amounting in all to Rs. 8,241-8-11.

3. *Case No. 4, Rs.* 5-5-0.—The remarks made against this case are not clear inasmuch as they do not show the authority under, and the purpose for, which the land was acquired. Pending receipt of further report, the item will be disallowed.

4. *Case Nos.* 7 & 17. *Rs.* 3-3-0 + 0-12-9=*Rs.* 3-15-9.—The lands referred to in these cases are stated to have been acquired by the Forest Department for Pinya plantation on payment of compensation. The authority under which the lands were acquired should be cited. Pending explanation the amounts involved in these cases will be disallowed.

5. *Case No.* 16. *Rs.* 154-14-0.—The remarks made against this case are not quite clear and no reason is assigned for the fluctuation in the amount of

remission allowed from year to year. Pending further report the item will be disallowed.

6. Deducting the sum of Rs. 164-2-9 from the total amount recommended, *viz.*, Rs. 531-13-6, the balance of Rs. 367-10-9 is sanctioned to be written off the accounts, as shown below :—

The following demand, collection and balance statements received from the several districts of the province for the three months ending 30th September 1897 :—

No. 2. Sayer Collections.
„ 4. Land Revenue.
„ 5. Casual Land Revenue.
„ 8. Assessed Taxes, Sayer and Salt.
„ 9. Miscellaneous Collections.

No. 6696-904—R. 2249, DATED BANGALORE, 26TH JANUARY 1898.

ORDER THEREON.—The annexed statement exhibits the Demand, Collection and Balance under the heads "Land Revenue," "Mohatarfa," "Sayer," "Salt" and "Miscellaneous" in the several districts of the province for the three months ending 30th September 1897 as compared with the figures for the corresponding period of the past year.

2. *Land Revenue.*—The large decrease under current demand in the districts of Hassan and Chitaldrug as shewn below requires explanation :—

Districts.	1897-98.	1896-97.	Difference.
Hassan	8,188	16,079	—7,891
Chitaldrug	957	6,337	—5,380
Kadur	6,204	9,269	—3,065
Shimoga	1,972	4,671	—2,699
Mysore	4,480	5,394	—914
Bangalore	1,459	2,346	—887
Tumkur	1,927	2,204	—277
Kolar	3,287	1,882	+1,405

3. The percentage of balance to the entire demand is noted hereunder :—

Districts.	1896-97.	1897-98.
Kolar	76·7	79·8
Chitaldrug	24·8	74·9
Shimoga	59·9	73·3
Hassan	69·6	71·6
Tumkur	45·9	62·7
Mysore	51·8	62·4
Bangalore	64·6	59·5
Kadur	27·9	42·1

With the exception of the Bangalore district, all the others show an increasing balance. It is hoped that this unsatisfactory condition will not long escape the personal attention of the Deputy Commissioners who, it is trusted, will take the necessary action to check this undesirable tendency.

4. Collections as shewn by the Deputy Commissioners differ from the Comptroller's figures to the extent noted below:—

Districts.	As per Deputy Commissioner's returns.	As per Comptroller's return.	Difference.
Bangalore	19,523	19,499	+24
Kolar	35,210	35,601	—391
Mysore	49,497	49,530	—33
Hassan	26,392	26,370	+22

These differences should either be explained or adjusted in communication with the Comptroller.

5. *Sayer and Salt.*—Calls for no special remark.

6. *Mohatarfa.*—The closing balances were heavy in the Mysore, Kolar, Bangalore and Shimoga districts, being Rs. 11,004, Rs. 5,506, Rs. 4,657, and Rs. 3,345, respectively. Suitable measures should be adopted for their prompt recovery.

7. *Miscellaneous.*—The balance under this head is very heavy in the Shimoga and Mysore districts, being Rs. 16,954 and Rs. 10,243 respectively, while there are no arrears in any of the other districts, except Hassan and Bangalore where the arrears are only Rs. 992 and Rs. 213 respectively. The Deputy Commissioners of Shimoga and Mysore are requested to explain the nature of the items which have fallen so heavily into arrears.

READ.—

Letter No. 1560—441, dated the 5th November 1897, from the Deputy Commissioner, Kolar district.

No. 7028-36—R. 2281, DATED BANGALORE, 27TH JANUARY 1898.

ORDER THEREON.—The Deputy Commissioner states that two applications were received for Survey No. 221 consisting of phod Nos. 1 and 2 under Amani Gopalkrishnakere in the Chikballapur taluk, one for the entire number, and the other for phod No. 1; that the two portions were put up for sale in 1895, and that they were purchased by Channarayana Muniya for annas 6 and 8, respectively. The other applicant (Venkataramaniah) having represented that he was not able to attend the sale on account of the death of his relative, a 2nd sale was held at which phod No. 1 was bought by the said Venkataramaniah for Rs. 7-2-0 and phod No. 2 by Tippenahalli Muniya for 9 and odd rupees. These amounts were duly collected and credited to the Treasury. C. Muniya, the 1st purchaser, thereupon petitioned that he was not aware of the 2nd sale though he had paid the amount of the purchase money and obtained a receipt therefor, and that orders might be given for a fresh sale as he was willing to offer a higher bid thereat. A 3rd sale was accordingly ordered at which the said Muniya failed to bid though present. Venkataramaniah's name was entered in the patti prepared at the 3rd sale probably because he was the highest bidder at the 2nd sale. The said patti does not bear his signature and he repudiates the 3rd sale altogether. The 2nd sale which was the only one to which he was a party having been cancelled he contends that he is not bound to take the land, and that he is entitled to a refund of the money paid by him. The Deputy Commissioner upholds this contention and submits a bill for Rs. 7-9-2 including the local cess paid by him.

2. Government observe that when the 3rd sale was decided upon, the 2nd came to an end, and with that the liability of Venkataramaniah ceased. In the 3rd sale he does not seem to have taken any part to revive the old liability or create a new obligation. Under these circumstances, the refund bill is sanctioned and forwarded to the Comptroller for audit, with the remark that sales once properly held should not be set aside in the absence of good and sufficient grounds and that the Amildar, whose proceedings were lax, has been properly censured by the Deputy Commissioner.

No. 7037-44—R. 2282, DATED BANGALORE, 28TH JANUARY 1898.

ORDER.—With reference to the representation of the Members of the Dasara Representative Assembly held in October 1897, to the effect that the enforced levy of *miras* due to village servants (totis and talaris) is a hardship to landholders and should be abolished, a cash salary being paid to them by Government (*vide* General Subject No. 132), Deputy Commissioners are requested to report, for the special orders of Government, any cases in which the award of miras, according to the rules issued in Government Proceedings No. 1668-76—R. 539, dated 10th August 1897, may be considered by them to be an undue hardship, final action in such cases being held in abeyance pending the orders of Government.

2. Deputy Commissioners are further requested to submit reports at the end of a year as to the working of the rules referred to together with their opinion as regards the heaviness or otherwise of the mirasi rates therein sanctioned for adoption.

To—The Deputy Commissioners of Districts.

READ THE FOLLOWING :—

(1) Letter No. (Camp) 837, dated 13th April 1897, from the Deputy Commissioner, Tumkur district.

I have the honor to submit herewith Pavagada Amildar's report No. 852, dated the 31st January 1897, bringing to notice that the Madras Revenue Survey authorities have put up their boundary marks on lands included within the limits of Mysore along the stream known as Hunasehalla on the frontier of the village of Jalodu in the Pavagada taluk. The Madras villages across the frontier are Thenagallu and Vobaganahalli and the said stream forms the boundary between Mysore and Madras. The Madras boundary stones should therefore have been fixed on their side of the stream, in the same manner as ours have been erected on this side of it. Under such circumstances, I have the honor to request that the Government of Madras may be addressed in view to their boundary stones marked in red ink in the accompanying plan being removed from the lands belonging to the Jalodu village of Pavagada and planted on those of Thenagallu and Vobaganahalli of the Kalyanadurga taluk, Anantapur district.

(2) Letter No. 9290—R. 3082, dated 26th April 1897, to the First Assistant to the Resident in Mysore.

I am directed to state that the Deputy Commissioner of Tumkur has brought to notice that the Madras Revenue Survey authorities have fixed their boundary marks on lands included within the limits of Mysore, on the frontier of the village of Jalodu in the Pavagada taluk, along the stream known as Hunasehalla which forms the boundary between Mysore and Madras, instead of fixing such boundary stones on lands belonging to the Thenagallu and Vobaganahalli villages of the Kalyanadurga taluk, Bellary zilla, and situated on the Madras side of the stream. I am therefore to request the favor of your moving the Madras Government to kindly direct the removal of the boundary stones fixed on the Mysore side of the stream. A sketch showing the positions of the marks as now fixed is enclosed for information and obliging return.

(3) Letter No. 2153, dated 19th May 1897, from the First Assistant to the Resident in Mysore.

I am directed to acknowledge the receipt of your letter No. 9290—R. 3082, dated the 26th ultimo, regarding the boundary marks on lands included within the limits of the Mysore State on the frontier of the village of Jalodu along the stream known as Hunasehalla.

2. It is desired in the above letter that the stones should be placed entirely on the Madras side of the stream, but in the north of India, in the case of riparian boundaries, it is understood that the custom is either to have no stones at all, or stones on alternate sides of the stream. I am to enquire if this custom which is alluded to in your letter No. 2779—R. 346 of the 14th August 1894, should not be maintained in the present instance.

3. If, however, there are any special reasons which cover this case, the Resident will be glad to be acquainted with them before addressing the Madras Government on the subject.

(4) Letter No. 10818—R. 3579, dated 9th June 1897, to the First Assistant to the Resident in Mysore.

In reply to your letter No. 2153, dated 19th May 1897, regarding the boundary stones fixed by the Madras Revenue Survey Department on the Mysore side of the stream known as Hunasehalla flowing between the village of Jalodu in the Pavagada taluk of the Mysore Territory on the one side and the villages of Thenagallu and Vobaganahalli in the Kalyanadurga taluk of the British Territory on the other, I am directed to state that the stream in question forms the natural boundary between the British and Mysore Territories. As shown in the sketch map already forwarded to you with my letter No. 9290—R. 3082, dated 26th April 1897, the stones, if allowed to remain on the Mysore side of the stream as they are at present, would lead to the inference that all lands, &c., to the north of the line of boundary from one to another belongs to the British Territory. For instance, the straight line drawn from the stone A to stone B would cut off about 10 acres and 2 guntas of land from Survey No. 12—1 of the Jalodu village. The total extent of Mysore land that would thus be cut off is reported to be 12 acres and 21 guntas. The fixing of the British boundary stones on the Mysore side of the stream and on Mysore lands will not only create a misapprehension in the minds of the Mysore raiyats as regards their right to the stream but will also place Mysore land within the British limits and give room for disputes between the raiyats of the villages on the frontier. The removal of the boundary stones to the British side of the stream was requested in view to avoid all future disputes between the frontier villages. This request, it will be seen, is not inconsistent with the custom alluded to in this office No. 2779—R. 346, dated 14th August 1894, and upheld by the Madras Government, according to which each State had its boundary stones on its own side of the stream, although the mutual enjoyment of the ownership of the bed extended to its middle point (*vide* correspondence ending with this office No. 5467—R. 1842, dated 14th December 1896).

2. Under these circumstances, I request the favor of your moving the Resident to address the Madras Government on the subject and get the Madras Survey marks removed from the Mysore side of the stream.

(5) Letter No. 5404, dated 16th December 1897, from the First Assistant to the Resident in Mysore.

With reference to correspondence ending with your letter No. 10818—R. 3579, dated the 9th June 1897, I am directed to state that the Madras Survey Department is reported to have since removed all the stones—to which objection was taken—fixed on the frontier of the Jalodu village along the Hunasehalla stream. A Theodolite station which does not define any boundary has, however, been allowed to remain, but the stone has been sunk flush with the ground.

2. A copy of a certificate taken from the Amildar of the Pavagada taluk is enclosed.

Certificate of the Amildar of the Pavagada taluk, Mysore.

I, H. R. Srinivasa Rao, Amildar, Pavagada taluk, Mysore province, was present at the enquiry held by the Deputy Superintendent, Madras Survey, on the 11th and 12th October 1897, and I am satisfied that the stones, wrongly fixed by the Madras Survey Department on the Mysore side of the stream, have been removed and that the demarcation of the boundary between the Mysore and British Territories along the stream has now been made in accordance with the map prepared by the Mysore Survey Department in 1869.

(6) Letter No. 606, dated 20th December 1897, from the Deputy Commissioner, Tumkur district.

In continuation of my letter No. 837 of the 13th April last, regarding the construction by the Madras Revenue Survey Department of their boundary marks on land belonging to Mysore on the bank of a stream known as Hunaschalla or Chinta Vanka on the frontier of the village of Jalodu in the Pavagada taluk, I have the honor to submit, for the information of Government, copy of a report, dated 12th October 1897, made at the instance of the Madras Government by the Deputy Superintendent of Madras Survey No. II Division, Bellary, on the subject of the boundary stones in question. It will be observed that the stones which had improperly been fixed on Mysore land have now been removed.

Summary of evidence and decision—

It is evident that the demarcation of the boundary of the villages of Thenagallu and Vobaganahalli, hamlets of villages Nos. 32 and 35, Kariganahalli and Timmapuram, respectively of Kalyanadurga taluk, Ananthapur district, along the stream known as "Muda Chinta Vanka" or Hunnechalla followed to a great extent the marks put up by the Mysore Survey along their side of the stream. This was no doubt a mistake and in the absence of any information from the Mysore village authorities and raiyats a natural one. As all the marks put up by the Mysore Survey Department are on the Mysore side of the river, the British raiyats naturally concluded that the whole of the river was in British Territory and consequently so pointed out the boundary to the demarcator. There is no doubt that the stream is the natural boundary between the British and Mysore Territories and it is a pity it was not so made all along the stream from the points A to B shown on the sketch, instead of making the two exceptions at the places marked C and D on the sketch and as it would certainly have avoided all disputes between the frontier villages along the boundary as regards the water from the stream which the Mysore raiyats have been allowed to take by cutting channels through British land greatly to the loss and annoyance of the British raiyats. I understand that a Commission was appointed by British and Mysore Governments to settle the boundary between the two Territories and I presume that according to that settlement the demarcation and survey was carried out by the Mysore Survey. I have therefore demarcated the boundary along the stream according to the map produced by the Amildar of Pavagada taluk, representing the Mysore Government, and have removed all the stones, with the exception of one theodolite station, marked E on the sketch, which is only fixed for survey purposes and which does not denote, boundary mark and has been sunk flush with the ground, fixed by the Madras Survey Department on the Mysore side of the stream. The thick black line on the sketch denotes the boundary between the Mysore and British Territories along the stream as demarcated by me and which in my opinion should be considered as the boundary between the two territories, provided it agrees with that settled by the Commission mentioned above, whose records may be called for and examined.

I, L. V. Varadaraja Sarma, Acting Tahsildar, Kalyanadurga taluk, Ananthapur district, was present at the enquiry held by the Deputy Superintendent, Madras Survey, on the 11th and 12th October 1897, and agree with all that is contained in his summary above. As there is no evidence forthcoming as far as I know to show that the demarcation of the Mysore Survey is incorrect, I consider that the river should be held to be the natural boundary between the British and Mysore Territories.

Letter No. 889, dated the 6th January 1898, from the Deputy Commissioner, Bangalore district, submitting, for favorable consideration, an application from D. Venkataramanaiya, Head Accountant of his office, praying for a Deputy Amildari.

No. 7122-56—R. 2314, DATED BANGALORE, 31ST JANUARY 1898.

ORDER THEREON.—The applicant's name will be noted.

2. Government desire that instead of encouraging such applications which are increasing, Heads of Departments and Deputy Commissioners will have the goodness to include the names of all deserving men in the lists to be submitted under Proceedings No. 3890-923—R. 1217, dated the 30th October 1897, so as to enable Government to deal conveniently with their recommendation.

READ THE FOLLOWING :—

(1) Letter No. 804—706, dated 21st April 1895, from the Deputy Commissioner, Chitaldrug District—

I have the honor to submit that, in my humble opinion, Rule XX of the Mysore Land Revenue Rules requires certain modifications in the manner hereinafter mentioned.

2. Para 26 of this rule refers only to appeals and not to revision also. But Chapter XIII of the Code quoted therein relates both to appeals and to proceedings in revision. The Deputy Commissioner is empowered by Section 217 to call for records and to pass such orders as he deems fit. His interference is thus as legal and necessary in revision as in appeal. I would, therefore, insert after "appeals" and before "if any" the words "or revision proceedings."

3. Para 27 requires a somewhat similar treatment. Otherwise, the pendency of a revision proceeding would be no bar to the registry being effected in the name of the applicant or purchaser. To remedy this defect, I beg to propose the insertion of the following sentence at the end of this para. "Likewise when the record of any grant or sale has been called for under the provisions of Section 217 of the Code, the registry should be postponed pending the result of the examination of such record."

4. Para 29 seems unnecessary, and I therefore beg to propose its removal. The pendency of an appeal, much less of a revision proceeding, does not prevent an applicant or purchaser from being at once put in possession. The registry alone is deferred but not the delivery of possession as well. The result is that in all cases in which the Amildar is himself competent to grant an application or to confirm a sale, permission to enter upon the land is given without waiting for orders from the appellate or revising authority. In other words, in the majority of cases, the applicant is put in possession before an appeal or revision proceeding could be admitted or disposed of. In such cases, the Deputy Commissioner may cancel the grant of sale but he cannot go further and pass final orders regarding the disposal of the land. A reference to Government in every such case is indispensable. Whenever possession has not been given the correction of irregularities or the redress of grievances would be prompt and easy. But not so in cases in which there has been a delivery of possession. One of two or more rival applicants may have been improperly preferred; or a land which ought to have been sold may have been given away without a sale either for an upset price or for the mere asking; or a sale might be impugned on the ground of material irregularity; or there might be special circumstances which render a grant or sale peculiarly hard upon all the villagers generally or upon one or more of them in particular. In these and other similar cases, irrespective of the question of possession, the Deputy Commissioner ought to be able to at once cancel the grant or order the land to be re-sold or otherwise disposed of. But the law as it stands holds otherwise. His disapproval and cancelment of the grant notwithstanding, the Deputy Commissioner is obliged to suffer the improper possession of the applicant or purchaser to continue pending the result of a reference to Government. But it is only in rare and exceptional cases that the Deputy Commissioner would feel disposed to trouble the Government with such a reference. In other cases, though the grant or sale may not be unassailable, there would naturally be a disinclination on his part to interfere. If a man does not take possession his grant is easily revocable, but if he enters upon possession the safety of his title under an improper grant is almost ensured. Such a difference is in my opinion undesirable. Then again, the delay which must necessarily arise by having to submit every such case for the orders of Government would often place the applicant or purchaser at a great disadvantage. After taking possession, he cannot long be expected to suffer the land to remain idle. He has to pay the assessment fixed for it and he therefore proceeds after a reasonable time to spend labor and money on it so as to bring it under cultivation. If subsequently, the Government in accordance with the recommendation of the Deputy Commissioner directs the disturbance of such possession, the consequence would be a loss to the person concerned. All such inconveniences would be minimized by the abrogation of the rule which makes a reference to Government indispensable. It is a matter for consideration whether the head of a district cannot safely be entrusted with the comparatively small power of himself dealing with such matters. Under para 26, the grant by the Amildar is conditional and not absolute. A man taking possession under such a provisional grant, takes it subject to the liability of being dispossessed in the event of the grant being cancelled by the appellate or revisional authority. If aggrieved by the Deputy Commissioner's order, he has the right of either appealing to Government or of invoking its interference in revision. There is thus no useful object to be gained by the retention of a rule which is sometimes prejudicial to the very person for whose benefit it is intended while at other times it either retards or frustrates the redress of grievances.

(8) Letter No. 200, dated 15th September 1897, from the Superintendent of Revenue Survey in Mysore.

In returning your Official File No. 131 of 1895 received with your docket No. 2616—R. F. 131-95 of the 6th instant, on the subject of modifying paras 26, 27 and 29 of Rule XX of the Mysore Land Revenue Rules as suggested by the Deputy Commissioner of Chitaldrug, as well as the abstract of the opinions of the other Deputy Commissioners on the same subject, I have the honor to offer the following remarks.

2. First of all, I would observe that it is a mistake to suppose that in Bombay no rules have been framed under Section 60 of the Bombay Code corresponding with Section 58 of the Mysore Code. Bombay Rule 34 G. lays down that "the occupancy of land granted by the Collector for agricultural purposes only shall be granted for terms of one year only", and the proper procedure in cases of application for unoccupied land is laid down in the rules generally. I do not by any means advocate the adoption of the one year rule in Mysore, although it would apparently meet the present difficulty, because it might create want of confidence. What I do advocate, however, is that portion of the Bombay procedure which puts an applicant in immediate possession once the preliminaries culminating in the issue of Appendix E (corresponding to Appendix D of the Mysore Land Revenue Rules) are completed, and which has no precautionary measures or delay of registry against chance of appeal or revision of proceedings as laid down and now proposed to be laid down in paras 26 and 27 of Mysore Rule XX now under discussion. There is in fact in Bombay no difficulty in the law taking its course and in possession being regained and registry altered in accordance with the decision of any competent court.

3. No one will question the necessity, indeed Appendix D to the Rules clearly lays down the necessity of immediately putting the applicant or purchaser of unoccupied land in possession. This being the case, I quite fail to see the use of paras 26 and 27 of Rule XX which do not deal with possession at all but only with registry. The whole of the present difficulty, if there really is any difficulty, lies in the matter of possession. There is no difficulty in altering the registers but there is a difficulty in ousting an applicant once authoritatively put in possession, and I will allude to this when discussing sub-rule 29. I am entirely in favor of cancelling sub-rules 26 and 27.

4. Should Government, however, decide to retain sub-rules 26 and 27, I would add nothing to them as regards so indefinite and remote a contingency as the calling for and examining records under Section 217 of the Code which may occur at any time, for, so far as I can see, there is no limit of time within which such records must be called for.

5. Sub-rule 29 appears to me to be badly worded with reference to the aim and object which were in view. As now worded it might be read as implying the sanction of Government being obtained for dispossession before the case was heard on appeal, thus in a measure foreclosing Government's own appellate power. It might also be read as impairing the power given to the Deputy Commissioner under Sections 185 and 216 of the Code. This, I am sure, cannot have been the aim of sub-rule 29 and yet any one reading it might come to that conclusion. The aim of sub-rule 29, I take it, was to guard against hasty dispossession before final decision, as defined in Section 218 of the Code, that is, while there was still a higher court to appeal to. I quite agree with the views expressed by the 2nd Councillor regarding the salutary nature of sub-rule 29 and the serious consequence involved in hasty and perhaps frequent dispossession. I would suggest sub-rule 29 being amended to read as follows:—

29. If in any case an appeal is admitted after the applicant or purchaser has been put in possession, his possession shall not be disturbed unless the decision or order has become final as defined in Section 218 of the Land Revenue Code.

6. If the rule be worded as above the final order will rest with Government if the parties appeal within the periods laid down in the Code and the rule will not conflict with any of the provisions of the Code itself.

No. 7092-100—R. F. 131-95, DATED BANGALORE, 31ST JANUARY 1898.

ORDER THEREON.—Government agree with the Superintendent of Revenue Survey that the usefulness of paras 26 and 27 of Rule XX is not apparent, as they deal only with the registry of the land in the name of the applicant or purchaser as the case may be and not with possession of the land which is given immediately after the prescribed formalities are observed, and that there is no difficulty in altering the registry but there is a difficulty in ousting a person once authoritatively put in possession. Further, para 26 lays down no rule or direction. It is simply a statement of what the law is under the Code. What is stated of appeals is also true of revision proceedings. Government are, therefore, of opinion that the retention of paras 26 and 27 is unnecessary and accordingly direct their cancellation.

2. As regards para 29, Government observe that it is an important and wholesome rule framed with the object of preventing hasty and frequent dispossession after possession has once been given to the individual concerned. If every appellate authority—a Deputy Commissioner, a Sub-Division Officer and an Assistant Commissioner—goes on changing possession till the matter comes up before

Government, it is possible that there may be not less than three such changes. This is highly prejudicial not only to the parties concerned but also to the proper development of cultivation. Further, there is no reason to make a distinction between appeals admitted under Section 211 within the prescribed time, and those admitted after that period under Section 212, as para 29 has no reference to the time when the appeal is admitted. Government are not, therefore, disposed to cancel the rule altogether, but agree with the Superintendent of Revenue Survey that it is not properly worded and that it requires modification in the manner suggested. His suggestion is very reasonable and sound and answers all objections.

3. The following Notification cancelling paras 26 and 27 and modifying para 29 under Rule XX of the Land Revenue Rules will be published in the *Gazette*.

NOTIFICATION.

No. 7101—*R. F.* 131-95, *dated* 31*st January* 1898.

The Government of Mysore are pleased to direct that paras 26 and 27 of Rule XX of the Mysore Land Revenue Rules issued under Notification No. 150, dated 22nd July 1890, be cancelled, and that para 29 of the same rule be modified as follows:—

(1) For the words "happen to be" in the 1st line, substitute "is".

(2) In the same line, between the words "applicant" and "has" insert the words "or purchaser."

(3) In the 2nd line, substitute "shall" for "should."

(4) In the same line for the words "without an express order of Government" substitute the clause "unless the decision or order has become final as defined in Section 218 of the Land Revenue Code."

2. Para 29 modified as above will read as follows:—

"If in any case, an appeal is admitted after the applicant or purchaser has "been put in possession, his possession shall not be disturbed unless the decision or "order has become final as defined in Section 218 of the Land Revenue Code."

Proceedings of the Government of Mysore,

Letter No. 705, dated the 14th December 1897, from the Deputy Commissioner, Mysore district.

No. 5981-4—R. F. 54-97, DATED BANGALORE, 5TH JANUARY 1898.

ORDER THEREON.—With the above letter, the Deputy Commissioner submits the Memorandum and Articles of Association (in duplicate) of an Agricultural Bank proposed to be established at Seringapatam by 17 members, who own lands the value of which is estimated at Rs. 47,136 with a liability of Rs. 12,800.

2. The Bank is proposed to be started with a capital of Rs. 20,000 and the Deputy Commissioner recommends the grant of an advance to that extent.

3. The grant of loans is proposed to be regulated not according to the limit laid down in para 6 of Government Proceedings No. 5038-47—Fl. 274, dated the 2nd December 1895, but according to a scale under which a loan of Rs. 2,500 would be admissible under classes, i, ii and iii with a proviso that no member shall at any time be indebted to the Bank in a larger sum than Rs. 3,000 including loans of all descriptions granted both to himself and to other members on his security. The reasons assigned for this departure from the usual limit are that the members are indebted in sums exceeding that limit and that as they intend mortgaging the whole of their property to the Bank, they will have no other means of discharging their present debts. Government are of opinion that the circumstances of this Bank are such as to justify the request of the members being granted.

4. With the above observations, Government are pleased to sanction the grant of an advance not exceeding Rs. 20,000 at 4 per cent per annum, subject to the condition that no money should be advanced until the Inspector of Agricultural Banks shall have satisfied himself as to the correctness of the valuation of the lands, and made a report to that effect to the Deputy Commissioner. Interest should be recovered half yearly on the 30th June and 31st December, commencing from the date of the disbursement of money.

5. The Inspector should see that all existing encumbrances are fully discharged and the documents connected therewith are all taken back and secured by the Bank.

6. The Memorandum and Articles of Association are returned to the Deputy Commissioner with a request that he will take steps to get the same duly registered.

ORDER THEREON.—With the above, the Deputy Commissioner submits the Memorandum and Articles of Association (in duplicate) of the propsed Agricultural Bank at Malebennur in the Harihar sub-taluk.

2. The Bank is proposed to be established by 15 members for the benefit of Malebennur and 14 other villages in the said Harihar sub-taluk. The members

own 884 acres and 5 guntas of land, of which 241 acres and 19 guntas are inam, the aggregate value thereof being estimated at Rs. 9,300 with a liability of Rs. 4,400.

3. The members propose to start the Bank with a capital of Rs. 10,000, but the Deputy Commissioner and the Inspector, Agricultural Banks, think that an advance from Government of Rs. 5,000 is sufficient.

4. Government accordingly sanction an advance not exceeding Rs. 5,000, being made for the Agricultural Bank referred to above, and authorise the Deputy Commissioner to place the said amount for the purpose in the said Harihar Sub-Taluk Treasury. Interest must be recovered from the Bank half-yearly up to 30th June and 31st December of each year at 4 per cent per annum on the sums actually borrowed by the Bank.

5. The Memorandum and Articles of Association will be returned to the Deputy Commissioner with a request that he will take steps to get the same duly registered. The existing encumbrances must all be discharged and the documents, &c., connected therewith taken back and properly secured.

Letter No. 196, dated 19th December 1897, from the Inspector of Agricultural Banks in Mysore, submitting his journal of occupation for the month of November 1897.

Extract of Journal for November 1897.

Inspected the Banks at Manchakalkuppe and Kyathasandra of Tumkur taluk and also the irrigation wells situated in Belvatti and Settihalli villages.

In these two Banks, many new members have joined but they have not received any loans for want of funds. I was told that the application of the Kyathasandra Bank for a further advance from Government has been pending with the Amildar for the past one year. This appears to be the case in the case of some other Banks also. In the course of my tours, I have come to know that many new proposals have been pending with the taluk authorities for the past many months if not for one or two years. The great delay in disposing these applications for the formation of new Banks or for additional funds to extend the operations of the existing Banks, does great harm to the cause of this useful institution, which the rural population has commenced to appreciate.

As soon as a few raiyats join together and send up proposals with a list of property to the Amildar, their creditors give them no rest, until their debts are paid nor do any others give them loans on the plea that their lands are hypothecated to Government. Persons who join the existing Banks fare no better if no funds are available. Others noticing these troubles do not venture to organize any Banks or join the Banks already formed. But for these obstacles, many more Banks would have been started long ago as the need for them is very great and pressing.

No. 6612-20—FL. 627, DATED BANGALORE, 19TH JANUARY 1898.

ORDER THEREON—Ordered that the foregoing extract be forwarded to the Deputy Commissioners of districts with a request that they will give their Amildars such instructions as would ensure promptitude in dealing with the applications of the kind referred to above

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Inspector of Agricultural Banks in Mysore.

READ :—

Letter No. 716, dated 14th December 1897, from the Deputy Commissioner, Mysore district.

No. 6763-6—R. F 60-97-98, DATED 21ST JANUARY 1898.

ORDER THEREON.—With the above, the Deputy Commissioner submits the Memorandum and Articles of Association of the proposed Agricultural Bank at Satnur in the Mandya taluk.

2. The Bank is proposed to be established by 29 members for the benefit of Satnur and 22 other villages in the Mandya taluk. The members own 1,089 acres and 11 guntas of land, of which 460 acres and 12 guntas are inam, the aggregate value thereof is estimated at Rs. 81,090-0-0 by the members and at Rs. 32,678 by the Amildar with a liability of Rs. 5,945.

3. The members propose to start the Bank with a capital of Rs. 25,000 but the Deputy Commissioner and the Inspector, Agricultural Banks, think that an advance from Government of Rs. 16,000 is sufficient.

4. Government accordingly sanction an advance not exceeding Rs. 16,000 being made for the Agricultural Bank referred to above, and authorise the Deputy Commissioner to place the said amount for the purpose in the said Mandya Taluk Treasury. Interest must be recovered from the Bank half-yearly up to 30th June and 31st December of each year at four per cent per annum on the sums actually borrowed by the Bank.

5. The Memorandum and Articles of Association, in duplicate, will be returned to the Deputy Commissioner with a request that he will take steps to get the same duly registered. The existing encumbrances must all be discharged and the documents, &c., connected therewith taken back and properly secured.

6. The Inspector must see that Dasappah's connection with the Agricultural Bank at Mandya is severed as stated by him in his letter No. 182, dated 9th December 1897, to the Deputy Commissioner, Mysore.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, of the Mysore District with Articles of Association, in duplicate, and other vernacular papers.
The Registrar of Joint Stock Companies.
The Comptroller to the Government.
The Inspector of Agricultural Banks.

To—The Comptroller, Mysore Government.
The Registrar, Chief Court.
The Deputy Commissioners of Districts.

READ THE FOLLOWING :—

Letter No. 818, dated 9th June 1897, from the Deputy Commissioner, Kadur district.

Adverting to Government Order No. 5243-51—Fl. 430, dated 7th December 1896, reviewing the registers of Revenue Deposits of the several districts for the quarter ending 30th June 1896, and directing them to be credited to Government as they have been in deposit unclaimed longer than the time prescribed in Comptroller's Circular No. 1831, dated 16th May 1895, I have the honor to report that out of 29 items shown in the above against this district, 17 still remain to be credited to Government in the Chikmagalur taluk as detailed in the enclosed memo.

2. In his Ist illa No. 1694, dated 23rd January 1897, the Chikmagalur Taluk Amildar reported that all these deposits were the "25 per cent of the upset prices" of coffee lands applied for by private parties, and that the crediting of them to Government, on the score of their having remained in deposit unclaimed longer than the time allowed by the Comptroller, would necessitate the rejection of the darkhasts for no fault of the applicants.

3. Thereupon, all the Amildars in the district were directed to send in lists of such deposits received with coffee darkhasts till the end of December last with a view to the same being submitted to Government for orders.

4. In the accompanying statement, compiled in this office, there are no fewer than 608 items of deposits remaining undisposed of from 23rd March 1892. Most of the darkhasts with which these deposits were received are on account of small bits out of large gomal and other unassessed survey numbers. The delay in the disposal of these darkhasts has been inevitable, owing to exhaustive preliminary enquiries involved regarding water courses, rights of way, &c., on the darkhasted lands such as may have to be reserved for public use and to their re-survey by measurers. The latter operation, *viz.*, the re-survey cannot be undertaken until after the local enquiries in connection with possible objections to the grant of the lands have been completed, and when undertaken the survey operations have until recently been retarded by the paucity of measurers, and they are liable to be inordinately protracted by the fact that the measurers are unable to continue working during the monsoon months when the work comes to a stand still and when they are called away to maidan taluks.

5. The circumstances being as stated and the deposits having necessarily to remain uncredited until the applications are disposed of, I beg that Government may be moved to order, as a special case, the continuance of the deposit monies of the 25 per cent upset price in the treasury until the darkhasts for lands under the Coffee Rules are finally disposed of.

6. The orders above asked for will dispose of the immediate question.

7. The examination, however, of the subject which the present difficulty has involved, has suggested to me that it may be open to doubt whether the practice in this district, in connection with these deposits, is in strict accordance with the rules of Government, and if it is not, the difficulty now experienced in connection with these deposits, need not, it may be said, have arisen.

8. Rule 8 of the Coffee Land Rules merely requires that "before the land is advertised for sale, the applicant shall deposit with the Deputy Commissioner one-fourth of the upset price fixed as above." The sale, as a matter of fact, is never advertised and cannot be advertised until after the local enquiries and re-survey have been made and the orders of Government obtained, if necessary.

9. The practice, however, in this district has been to demand the deposit along with the darkhast.

10. The practice has no doubt this advantage, that it affords a substantial guarantee of good faith on the part of the darkhastdars. Every darkhast for coffee lands imposes a certain amount of special work on several departments of the public service, *viz.*, local enquiries by Shekdars and afterwards by Amildars or Assistant Commissioners, as the case may be, inspections occasionally by Forest Officers and finally measuring operations by the survey officials; and it seems not unreasonable that before these operations are undertaken on behalf of a darkhastdar the latter should give a substantial guarantee that he is earnest in making his application.

11. I think, therefore, the practice hitherto prevailing in this district, although it may not be in strict accordance with the letter of the rule (which is in itself somewhat vague) is founded on sound reason, and should, on the whole, be continued.

12. If Government should be pleased to accept this view, I would venture to suggest that the monies deposited under the Coffee Rules may be ordered hereafter to be kept in a *suspense account* of the Treasury Accounts and should be subject to adjustment, from time to time as occasion may arise, by way of being finally credited to Government or refunded to the depositors.

Memo showing the items of Deposits which still remain to be credited to Government as per Government Order No. 5243-51—Fl. 430, dated 7th December 1896.

ALSO :—

The following letter No. 4224—S. A. 1295, dated 7th December 1897, from the Comptroller to the Government of Mysore.

In acknowledging the receipt of your docket No. 11617—F. 1056 of the 30th of June last, forwarding in original, with enclosure, letter No. 816 of the 9th idem, from the Deputy Commissioner, Kadur district, *anent* certain unadjusted items of Revenue Deposits (upset price of coffee lands tendered by private parties) and asking my opinion as regards the proposal of the Deputy Commissioner to keep such deposits uncredited to Government until such time as the darkhasts are finally disposed of, I have the honor to state that I am unable to understand why, if a deposit be credited to Government owing to lapse, the darkhast on account of which it was made should be rejected as stated in para 2 of Deputy Commissioner's letter above quoted. The deposits when credited to Government, are merely transferred from one account head to another and are repaid whenever their refund is applied for. This being the case, I am unable to agree with the Deputy Commissioner in his proposal either to keep these amounts on the Deposit accounts for an indefinite period or to credit them to a suspense head, subject to such adjournment from time to time as may be found necessary.

2. The Civil Account Code provides for deposits being retained in *exceptional* cases for five complete account years, and in *very exceptional* cases for seven such years, under my special sanction, though the general rule in the case of all deposits is that the balances which remain unclaimed for more than three complete account years (which on an average amount to 3½ years) lapse after that period and ought to be credited to Government. The Code also provides for the refund, at any time, under my sanction, of amounts so credited on the application of the officer who received the deposits, and that such sanction should, as a matter of course, be given after

ascertaining that the item for which refund is claimed was really received and credited to Government, as lapsed. I have not come across any case of deposit which, on account of its exceptional nature, had to be kept on the Deposit accounts for a longer period than three complete account years, nor have I found it necessary to refuse or refused the refund of any deposit after its credit to Government.

3. The items authorized to be placed in deposit in the province are far more numerous than in British India and the audit of such deposits has of late become very laborious. If the general restriction be relaxed in the case of these coffee land deposits, a special separate section of audit has to be maintained in my office, as these deposits in both the coffee districts of Hassan and Kadur will be too numerous (about 1,500) to be dealt with along with ordinary ones. Separate accounts have also to be maintained in both the District and Taluk Treasuries. The restriction of three years laid down in the Code promotes promptness in the disposal of cases, and is, at present, the only preventive of long and unnecessary delay. Moreover, there is no guarantee that deposits that cannot be adjusted in three years will be adjusted in five years or even in seven years.

4. As regards the other proposal, *viz.*, to credit such amounts to a Suspense head, I beg to state that the Suspense head is intended only for such items as are imperfectly described in the Treasury accounts and cannot on that account be credited to the proper head. Granting that a new head can be opened for this special purpose, the same procedure in audit and account has to be followed and each individual item of credit and repayment has to be watched as in the case of deposits.

5. Such being the case, any change in the existing rules will only add unnecessarily to the work of my office without any corresponding benefit being derived therefrom. The existing rules meet the requirements of the case *fully* as the refund of these deposits can be applied for and readily obtained at any time when the Deputy Commissioner may consider such refund necessary.

6. The original enclosures received with the docket under reference are herewith returned.

No. 6972-80—Fl. 657, dated Bangalore, 26th January 1898.

Order thereon.—Government concur with the Deputy Commissioner in thinking that the practice referred to in paras 9, 10 and 11 of his letter is founded on sound reason and should not be discontinued. They are, however, of opinion that for reasons stated in the Comptroller's letter it is undesirable either to keep the sums in question in deposit for an indefinite period or to credit them under "Suspense account."

Letter No. 78, dated 14th September 1897, from the Inspector of Agricultural Banks, submitting for orders a Memo on the Memorandum and Articles of Association of Agricultural Banks.

No. 6449-59—Fl. 615, DATED BANGALORE, 17TH JANUARY 1898.

ORDER THEREON.—The suggestions made in the Memo above referred to and the observations of Government thereon are given below in juxta-position:—

Points raised in the Memo.	*Observations made by Government.*
1. Taking advantage of the provision contained in Section 76 of the Companies Regulation of 1895, which empowers them by passing a special resolution in the General Assembly to alter all or any of the regulations contained in the Articles of Association, some of the Banks have been passing resolutions inconsistent with the Articles of Association As examples of this, the following two cases are brought to the notice of Government:— (*a*) The Members of the Agricultural Bank at Hongenahalli decided to remunerate the Agent by a lump sum of Rs. 50 for the past half year and a monthly payment of Rs. 8 henceforward, though this is opposed to para 57 of the Articles of Association under which no member can receive any remuneration for his services in connection with the Bank. (*b*) The Members of the Chikmagalur Bank have decided that loans under Class I are to be re-paid within five years but not by equal instalments as laid down in para 46 of the Articles of Association. To prevent the Banks from making such changes at their will and pleasure, a clause may be inserted in the Memorandum of Association that none of the regulations contained in the Articles of Association can be altered without previous sanction of Government.	The proposed insertion of a new clause binding the Banks to make no alterations in the Articles of Association without the previous sanction of Government does not seem necessary, inasmuch as Government has lent money on the basis of the articles as originally submitted to it and has a right to re-call its money when any such material alterations as those brought to notice are made without its previous approval. The Banks in question should be called upon for an explanation, on receipt of which suitable orders will be passed by Government.
2. *Deposits.*—The provision contained in paras 37 and 38 of the Articles of Association, authorizing the Banks to receive deposits and pay interest thereon at the rates fixed by the General Assembly is being abused by some banks, notably the Nanjangud Bank, where small sums of eight and four annas are received as deposits and interest paid at 4 per cent to the depositors even for one or two days. As the interest paid by the Government Saving Bank is less than 4 per cent and as it is paid here	No hard and fast rule seems necessary. Deposits should be encouraged. At the same time, the Inspector's suggestion may be commended to all Banks for adoption as far as possible.

even for a single day, small sums are deposited by the Members and others. The minimum amount of deposit may be fixed at Rs. 25 and interest may be paid for a month and above and not for any period less than a month, and that only one withdrawal may be allowed in a month.

3. *Interest.*—Under para 52 of the Articles of Association, the General Assembly has power to fix the time and mode of payment of interest on loans. In some Banks interest on loans on the hypothecation of landed property (under Class 1) is recovered in advance for six months, whereas in others it is recovered at the end of six months, in which case money for expenses is drawn from the capital. To avoid this and to secure uniformity, it is necessary to insert a clause that interest be recovered in advance. In the case of loans under other classes, the Banks recover interest in advance.

Change of rule in this matter is undesirable as the General Assembly should have full power. The Inspector may however explain to the Banks the desirability of recovering the interest in advance.

4. *New Members.*—Under para 3 of the Articles of Association, the admission of new members depends upon the unanimous consent of the members present at a general meeting. This rule is considered to be very hard inasmuch as the veto of a single member mischievously inclined, excludes deserving persons from joining the Bank. The consent of ⅞ths of the members of a Bank may be deemed sufficient for admitting new members.

The suggested change strikes at the very root of the system and cannot, therefore, be approved.

Proceedings of the Government of Mysore,

READ:—

Letter No. 2787–136, dated 22nd September 1897, from the Excise Commissioner in Mysore, submitting, with reference to Government Proceedings No. 2950—Ex. 112, dated 18th September 1897, his opinion on certain points connected with the question of granting lands containing date trees for cultivation with or without reservation of such trees.

No. 6695-703—Ex. 241, DATED BANGALORE, 20TH JANUARY 1898.

ORDER THEREON.—Government consider that the only way of dealing satisfactorily with the question is to insist upon the very early completion of the lists of lands containing date trees to be reserved for the purpose of the State toddy revenue. The lands thus reserved should on no account be given out for cultivation without the previous express sanction of Government nor should there be any restriction whatever as regards lands not included in the list of reservations. With this object in view, the Deputy Commissioners of districts are requested to submit, at an early date, through the Excise Commissioner, for formal sanction of Government, complete lists of reservations they would now recommend for the purpose of Excise Revenue.

2. Pending the final orders of Government in the matter, Deputy Commissioners of districts are requested to see that lands containing date trees are not granted for cultivation without previous reference to the Excise Department, unless the number of such trees is in their opinion too small to justify reservation and the lands are not situated in tracts of spontaneous growth of toddy trees.

NOTIFICATION.

No. 6465—Ft. F. 36-95, dated 18th January 1898.

Under the provisions of Section 9 of the Forest Rules of 1878, the Government of Mysore are pleased to notify the following revised boundaries of the Aldahara State Forest in the *Shimoga taluk* in lieu of those described in Government Notification No. 23538—R. 3437, dated 19th June 1895.

Name of Forest.	Area approximate	Boundaries.
Aldahara State Forest, Shimoga taluk.	17 sq. miles.	*On the North.*—Starting from the 13th mile stone of the Shimoga-Yedahalli road the demarcation line runs in an easterly direction close by the Chandikatte and Hoskere tanks of Aldahara village and excluding Aldahara and Malalkatte villages turns northwards as far as the Gaudankatte tank. Thence it turns eastwards, runs as far as the bandhs of Umblebail, Aldahara and Hunsekatte, then proceeds to the top of the hill and goes and joins the boundary between Hunsekatte and Tamdihalli after going through Survey No. 23 of the last named village. *On the East.*—From the above point the line turns to due south and passing through Tamdihalli, Gonibede, Malgenhalli, Tavargatta, Bhairapur and Singanmane, goes and joins the boundary between the last two villages on the left bank of the River Bhadra. From here the line follows the river towards its source until the line turns to due west. *On the South.*—From the last named point the line runs along the left bank of the river as far as Survey No. 3 of Chikharnhalli, and then turning north-west as far as the northern point of Survey No. 9 of the same village goes direct to Basavankere tank of the Harnhalli village, and excluding it turns in a south-westerly direction, joins the bandhs of Survey No. 39 of Bhairapur and Survey Nos. 58 and 127 of Nelgadde village. The line then follows the boundary between Nelgadde and Bhairapur villages as far as the bank of the River Bhadra and goes along the River Bhadra as far as the Nelgaddehalla. *On the West.*—The line then follows the Nelgaddehalla as far as the Survey No. 127, and crossing the halla joins the Shimoga-Yedahalli road at the 2nd furlong of the 16th mile and thence it goes along the road and joins the starting point at the 13th mile stone.

Proceedings of the Government of Mysore,

(1) Petition of Appeal No. 3018—161 of 1894-95 presented by Kuppusami Chetti of French Rocks, against the order of the Deputy Commissioner of Mysore, declining to set aside the sale of Survey No. 106 of Nadanhalli, Mysore taluk.

(2) Correspondence ending with letter No. 1801, dated 2nd June 1897, from the Deputy Commissioner, Mysore district, submitting a report on certain matters connected with the case.

(3) Records of the case from which the facts appear to be as follows—

The assessment due for the year *Nandana* (1892-93) on Survey No. 106 (dry land acres 5, guntas 15 in extent and assessed at Rs. 5) of Nadanhalli, Mysore taluk, having fallen into arrears, and the khatadar Narasimhaiya having died unmarried, his father Nanjundaiya was called upon, by a notice, to pay the arrears. No payment having been made, the land was attached on 10th May 1894, and was declared forfeited to Government. The notification of sale was published on 12th June 1894, and was also served on Nanjundaiya. The sale was held on 15th July 1894, by the Hobli Shekdar, the estimated value being Rs. 10 and the land was knocked down to the Respondent Hanumanta Rao for Rs. 13. On 18th September 1894, the appellant Kuppusami Chetti presented an application to the Deputy Commissioner praying for cancellation of the sale, on the grounds that he had purchased the land on 20th February 1894 at a Civil Court sale held in execution of a decree obtained by him against Nanjundaiya, and been put in possession of the land on 17th September 1894, that the village officers were aware of the attachment and sale of the land by the Civil Court, and fraudulently brought about the revenue sale without any notice to him, and that the land was worth Rs. 100. The Deputy Commissioner, after hearing both the parties rejected Kuppusami Chetti's application and confirmed the sale, on the grounds that there was nothing irregular in the sale proceedings, that the Civil Court sale proceedings only showed that the sale proclamation was seen by the Patel and the Shanbhog's son and that the Haraz Patti was attested by one or two villagers but not by the Shanbhog or Patel, but that there was no other evidence of fraud. The present appeal is against the above order.

* In Mis. No. 825 of 1889 on the file of the Munsiff of Mysore.

2. In this office docket No. 7305—P. 1326, dated 12th February 1897, the Deputy Commissioner was requested to report whether, under Sections 274 and 289 of the Civil Procedure Code, copies of order of attachment and proclamation of sale were received from the Munsiff's Court in the Deputy Commissioner's office, if so, on what dates and what action was taken thereon. The Deputy Commissioner reports that neither the order of attachment nor the proclamation of sale was fixed up in the district or the taluk office, and that the Munsiff's Court has no reference to show that any intimation of either attachment or sale was given to the Revenue Department.

No. 5863-71—Pet. F. 29-97, DATED BANGALORE, 3RD JANUARY 1898.

ORDER THEREON.—There is no irregularity of any kind in the revenue sale. The sale held by the Civil Court seems to be irregular in so far that notice of attachment does not appear to have been given to the Revenue authorities, and the proclamation of sale does not appear to have been fixed in the Deputy Commissioner's office, as laid down in Sections 274 and 289 of the Code of Civil Procedure. The civil sale cannot, under these circumstances, be deemed to have the effect of vitiating the revenue sale. The order appealed against is correct and this appeal is dismissed.

(1) Petition of Appeal presented by nirganti Guruva of Ittagur, Anekal taluk, against the order of the Deputy Commissioner of Bangalore, affirming the order of the Divisional Officer regarding the enjoyment of the toti and nirganti inams of the village.

(2) Letter No. 530, dated 23rd October 1897, from the Deputy Commissioner, Bangalore district, reporting on the above petition.

(3) Records of the case from which the facts appear to be briefly as follows :—

Guruva and Sambuga are respectively the nirganti and toti of Ittangur. They have been, for a long time, enjoying in equal shares the inam lands assigned to both the offices, the particulars of which according to the Survey Settlement of 1891 are as noted in the margin. Prior to 1888, they used to pay the jodi of the lands in accordance with their enjoyment, but since then they have been paying the jodi of the inams attached to their respective offices. In 1894, Sambuga complained that though he was the toti of the village and paid the entire jodi of the toti inam lands, the nirganti enjoyed half of the lands. Guruva urged that he and Sambuga were cousins, that they and their ancestors had been enjoying equally the inam lands attached to both the offices, for the last 100 years, and that he was willing to pay a half of the jodi of each inam. The Divisional Officer held that as the disputed lands had been given for service, it was reasonable that each should enjoy the inam lands granted for his service, and directed that the toti and nirganti should enjoy the lands assigned to their respective services. On appeal, the Deputy Commissioner affirmed the above order. Hence this second appeal by Guruva.

Order thereon.—The existing enjoyment is very old. It is not quite proper to regard such enjoyment as an act of alienation. Both the parties belong to the same caste and it is not unlikely that they are relations. The exact particulars of such relationship and the evidence to prove them are very difficult to procure and establish. On the whole, Government consider it to be equitable to continue the present enjoyment, and declare the lands in their individual enjoyment to be the respective inams of the nirganti and toti.

Petition No. 339, dated 20th July 1896, from Virappa of Yellaburiga village in the Bowringpet taluk, appealing against the order of the Deputy Commissioner, Kolar district, directing the sale of the amarayi produce of a tope claimed by the petitioner as his private property.

2. Correspondence ending with letter No. 2335—574, dated 14th December 1896, from the Deputy Commissioner, Kolar district, reporting that in consideration of the tope having been planted by the petitioner's ancestors for charitable purposes, he was permitted to appropriate the dead and fallen wood of the trees on condition of planting fresh ones in their stead and that the produce of the trees was sold annually as Amarayi, as the land was classed as kharab at the survey settlement.

3. The records of the case.

No. 6263-70—Pet. 849, dated Bangalore, 14th January 1898.

Order thereon.—The fact that the tope came into existence by a charitable act of the petitioner's ancestors admits of no doubt. There are a tomb and two reservoirs of water used by the petitioner's caste people who gather there on occasions of feast. The land was therefore properly declared kharab and reserved as a public charitable tope. The petitioner as a member of the family of the founder of this charity is entitled to the custody and management of the tope and is not entitled to use the produce or derive from it any profit for his private purposes. Likewise there is no justification for the Government to enjoy the produce as part of its amarayi. The circumstances of the case point to the advisability of the petitioner's trust being recognised by Government and his being permitted to continue in charge of the tope. The tope is accordingly declared a public charity and the petitioner recognised as the managing trustee using the income for improving the tope and liable to account for it whenever Government may call upon him to do so.

2. Such topes must form the subject of special investigation and report during the time of the jamabandi.

Petition No. 1207, dated 10th October 1896, from Kenchegauda of Bechirakh Dadadahalli in the Tirumakudlu Narsipur taluk, appealing against the order of the Deputy Commissioner, Mysore District, declining to assess and grant to petitioner for cultivation a certain building site in the above village, and confirming the order of the Jamabandi Officer fining the petitioner Rs. 5 for having cultivated a portion of the said site unauthorizedly.

2. Correspondence ending with letter No. 628, dated 22nd November 1897, from the Deputy Commissioner, Mysore district, reporting on the above, and stating that the village site was deserted in the year 1888-89 owing to the unhealthiness of the locality.

3. The records of the case.

No. 6330-37—PET. F. 54-97, DATED BANGALORE, 15TH JANUARY 1898.

ORDER THEREON.—The entry in the Khaneshumari Register shows that the site in question belonged to the petitioner. There is also the evidence of the five witnesses to support it. The petitioner has been persistently claiming the site as his own. Under these circumstances, his ownership must be recognised and if he agrees to pay the kandayam (that might be fixed hereafter) for the site from the year in which it was brought under cultivation, the fine of Rs. 5 levied from him may be refunded to him.

2. Being within the village site, the land ought to have been treated as a house site and assessed under Government Order No. 16919-27—R. 1699, dated 6th April 1894. The assessment now ordered to be levied may be treated as imposed under that order and may be revised, if necessary. The other persons who lay claim to sites should also be similarly treated.

3. As no houses have been built upon the village site for the last eight or nine years, and as the period of six months fixed by the Deputy Commissioner has expired long ago, it is open to the Deputy Commissioner, if he is satisfied that the land is not wanted for village site, to have it duly assessed as agricultural land and made available for cultivation.

ORDER THEREON.—Government observe that the breaching of the katte and rendering it useless as a source of irrigation was an act of mischief and that a prosecution of the petitioner for mischief would have been very suitable, but that it is too late to direct one. 2. Records of the case received with letter No. 1121—966, dated 26th April 1897. from the Deputy Commissioner, Shimoga district.

No. 6527-34—PET. F. 92-92, DATED BANGALORE, 18TH JANUARY 1898.

ORDER THEREON.—The facts of this case are very clearly stated in the Assistant Commissioner's judgment and may be briefly recapitulated as follows :—

Up to the time of the pakka potigi settlement, the 1st and 2nd defendants, *viz.* Karisiddappa and Venkatadasappa, were the registered joint shanbhogs of all the villages which, at the said settlement, were formed into seven charges by the Survey Superintendent. Venkatadasappa was a minor and was throughout represented by a guardian. Karisiddappa acted for himself. The settlement made by Assistant Commissioner Mr. Krishnaiengar and finally approved by the Deputy Commissioner was that three representatives from Karisiddappa's family including his own son were appointed to three of the charges and these three exhausted the whole of his family. Three more were appointed from Venkatadasappa's family including himself, and there remained the seventh charge which is now in dispute. For this charge the present plaintiff was appointed. He belonged to Venkatadasappa's family and the guardian of Venkatadasappa is said to have consented to his appointment. Karisiddappa had no heir or other representative to bring forward.

2. Both Karisiddappa and Venkatadasappa's guardian persisted in their objections to these arrangements, but the Deputy Commissioner approved and upheld the appointment of the plaintiff, and in one instance refused to pass an order for any portion of the plaintiff's allowance as shanbhog to be given to Karisiddappa*. But the parties continued to present petitions till at length they succeeded in getting Colonel Macintire who had, by that time, become Deputy Commissioner, to pass an order on the 3rd September 1885 in the following terms :—

* *Vide* Deputy Commissioner's Orders Nos. 390 of 30th July 1881 and 358 of 10th May 1882.

"It is clear from the record and the pakka potigi register that the present officiating shanbhog was simply appointed to the shanbhogship of the 7th circle, because the two hakdars of the shanbhogship had no other person to appoint. The proper owners are undoubtedly Karisiddappa and Venkatadasappa (by guardian Narnappa). They must agree to the appointment of an acting shanbhog. If they cannot agree as to the man to be appointed, the present incumbent Ramanna should be kept on as their joint gumasta, as they are both apparently equally entitled to share in shanbhog's rights of the 7th circle."

This led to further petitions from plaintiff and the others concerned, and with a change of Deputy Commissioners the case also assumed another aspect. The shanbhog was deemed liable to pay a portion of his allowance to the person of whom he was a gumasta, and the plaintiff was accordingly directed to pay it. The plaintiff persisted in his contention that he was not the gumasta of any one, till at last he was ordered in 1892, to be removed for his default to pay a portion of his allowance to Karisiddappa. The plaintiff then, for the first time, seems to have felt the practical threat of the deprivation of his office and made a representation to Government. This appeal was numbered as 9 of 1893-94 and the decision proceeded upon the technical ground that "the plaintiff might establish his right by a regular suit and he cannot now be allowed to question the order of 1885 by a miscellaneous application."

The plaintiff then brought this suit. The Assistant Commissioner decided the case in his favor; but the Deputy Commissioner, though agreeing with him in all his findings of fact, held that the limitation law was against the plaintiff and accordingly dismissed the suit. He threw out a suggestion that it was open to Government to revise Colonel Macintire's order, dated 3rd September 1885, under Section 217 of the Revenue Code, and recorded his opinion that the order was clearly illegal. The plaintiff has filed this appeal to Government.

3. The proceedings which originally led to the appointment of the plaintiff were held in order to give effect to the direction contained in Section XXIX of the Potigi Rules. This section directs that "when more villages than form a sufficient charge are already in the hands of one officiator, he will be required to give up the surplus villages for which one or more new officiators will be appointed by Government. The new officiator or officiators will be appointed from the family in which the hak has been hitherto vested, if a competent person can be found."

4. The villages in the hands of the 1st and 2nd defendants had been formed into seven charges and required seven officiators. All the members of the 1st defendant's family were appointed and there were no more forthcoming. Similarly Venkatadasappa's family contributed three and yet there remained the 7th charge. The plaintiff who was, as concurrently found by both the Deputy Commissioner and his Assistant, a member of that family, was also available and he was appointed. This appointment received the consent of the 2nd defendant's guardian, though such consent was not a requisite condition under the rule quoted above. The appointment was in no wise irregular. It was quite in accordance with the requirements of the law. It had been approved by the Deputy Commissioner and was thus final, unconditional and absolute. It is obvious that with the appointment the right to it became absolutely vested in the plaintiff in a legal manner and he could not be deprived of it except in due course of law.

5. Two intermediate orders which bore no fruit may here be referred to as exemplifying the incorrect notions which seem to have prevailed on the subject. Although Karisiddappa had no heir or other representative at the time when this appointment was made, yet it was thought that he could re-open the matter, if an additional heir was born to him within three years (Order No. 212 of 26th December 1882). The source of this mistake was probably a misconception of the provision contained in Section XXX which refers to the passing over of an incompetent heir. Similarly another opinion, also faulty, was expressed that the plaintiff who belonged to the 2nd defendant's family having officiated for five years, the turn might then pass on to the 1st defendant's family for a similar period of five years. (Deputy Commissioner's Order No. 430, dated 25th June 1885). Both these opinions were expressed in the orders of district authorities, but were not given practical effect to. Another of such orders was the order of 1885 passed by Col. Macintire that the plaintiff should be treated as a gumasta. There can be no doubt that this view of the case was erroneous. The appointment of the plaintiff was absolute and there was no justification for importing into it the new term of gumasta. This had been expressly negatived by an order of the Deputy Commissioner Mr. Venkatavaradaiengar in 1882, and, as pointed out by the Assistant Commissioner in this suit, the reversal of that order by Col. Macintire who succeeded Mr. Venkatavaradaiengar as Deputy Commissioner, was unwarranted and illegal being opposed to the terms of the circular order then in force (page 233, Revenue Manual). Moreover this was an order in a series which had not been given effect to and the plaintiff was not disturbed in his possession. He could not reasonably be found fault with for doing no more than protest or demur when these ineffective or inoperative orders were being passed. When, however, he was threatened with the deprivation of the possession of his hak, he was directed to bring a suit and he did so without loss of time. The relief he prays for is the affirmation of his title based upon his appointment at the shanbhog's settlement, on the ground of his being a member of the shanbhog's family. It has been already shown that he is clearly and lawfully entitled to it and the question is whether the order of Col. Macintire passed in 1885 should be

allowed to become a bar to his obtaining pure justice. The order may be passed over as an expression of one of those opinions which were based upon misconception of fact or of law. *Prima facie* the order was illegal being opposed to an express order passed by a predecessor in office, and was moreover such as could not be executed. The source of the plaintiff's title to officiate—and it is not denied that he is a member of the shanbhog's family—is his appointment and the disturbance of it is the ground of his present action. A suit for the declaration of his right and for the affirmation thereof, is clearly within time, the period allowed being twelve years; and for the purposes of such a suit, it does not seem to be necessary to seek for a cancelment of the order of 1885. "When the order does not fall within the authority of an official who makes it, it is legally a nullity and therefore need not be set aside," (Shivojee *vs.* Collector, I. L. R. 11 Bombay 429). * It has been already shown that Colonel Macintire acted without proper authority in modifying an order of his predecessor (para 26 of the circular order already quoted). The test is whether the order could be set up as a bar to the maintenance of this suit. It is deemed that it cannot. In this view, the suit does not appear to be barred. The direction of Government in Appeal No. 9 of 1893-94 was that "if the plaintiff had a right, he must establish it by a regular suit." The suit is to establish the right, and not to cancel the order of 1885 which the Government declined "to allow him to question by a miscellaneous application." In this view of the case, the suit does not appear to be barred and the relief claimed must be decreed.

*Mitra's Limitation, page 537,

6. The suggestion of the Deputy Commissioner that Government should exercise its power under Section 217 and cancel the irregular orders which have been passed against the plaintiff if they are to have the effect of depriving him of his just right, is very reasonable. There seems, however, to be no occasion for the exercise of this power, but if there is any doubt whatever in the application of the law of limitation, Government do not hesitate to cancel the orders which militate against the absolute appointment of the plaintiff.

7. The result is that the appellant will be confirmed in his possession of the shanbhogi right in question of which he is the absolute hakdar and officiator.

Petition No. 3143, dated 6th March 1896 and subsequent petitions from Srirangamma, mother and guardian of Ramya Varahachar and Ramanujachar, inamdars of the sarvamanya village of Jatavara in the Chikballapur taluk, appealing against the order of the Deputy Commissioner, Kolar district, directing the sale of the inam village for arrears of kandayam due on certain Government waste lands submerged by the improvement of the inamdars' tank.

According to the settlement made by the Inam Department in 1871, the boundaries of the petitioners' inam village of Jatavara were fixed. But the inamdars have an easement to let the water of their tank stand beyond their boundary line over the Government land situated in the adjoining Sirkar village of Amani Gopalakrishnakere. The petitioners having subsequently improved their tank, the water-spread was found to have extended to the marginally noted lands of that village, and Mr. Subba Rao, the then Deputy Commissioner, ordered, in 1888, the lands to be registered in the names of the inamdars and the assessment on them to be recovered from the inamdars, with effect from the year 1884-85. The inamdars failed to pay the

kandayam in question and demurred to the correctness of the decision. The case dragged on till 1895, when, in that year, it was finally decided by the Deputy Commissioner, Mr. Madiah, that the petitioners were liable to pay the assessment due on the lands from Tarana to Jaya and that the lands should be struck off their khate from Manmathi (1895-96) and given out to intending applicants for cultivation, as the petitioners did not wish to retain the same in their holding. For the recovery of the arrears from 1884-85 to 1894-95, inclusive of interest amounting to Rs. 1,412-8-4, the inam village of the petitioners was ordered to be sold, but the sale was subsequently stayed by an order of Government.

2. On a reference being made to the Public Works Department by the Deputy Commissioner, it was estimated that the actual extent liable to submersion was only 9 acres and 22 guntas assessed at Rs. 57-12-0, out of 15 acres and 31 guntas assessed at Rs. 94. The patel and the shanbhog have stated that owing to the lowering of the kodi by the inamdars, there had been no submersion during the last four or five years. The lands are returned as waste in the Pahani Accounts. There is nothing in the records to show whether the lands likely to be submerged, and of which the inamdars were directed to pay the kandayam, were actually submerged.

No. 6627-34—Pet. 878, dated Bangalore, 19th January 1898.

Order thereon.—The present Deputy Commissioner and the Sub-Division Officer point out the mistake which was initially made in registering the lands likely to be submerged in the names of the inamdars and compelling them to pay the assessment year after year. If they were actually submerged, the fact ought to have been noticed and the cause removed. If the inamdars' action had been so dealt with and corrected at the outset, there would not have been such an accumulation. The Deputy Commissioner, therefore, recommends that, under the circumstances, some concession may be shown to the present inamdars who are minors.

2. Government quite agree with the above view of the Deputy Commissioner. The petitioners never wanted the land for occupation, and it is a mistake to have them so treated. If any one does any wrongful act which results in Government assessed land being rendered unfit for occupation and cultivation, the proper course is for the Revenue officers to take action to have such obstruction removed and punish the offender for his unauthorized interference with Government land. There is no clear evidence that the lands in question had been rendered unfit for occupation by any act of the petitioners.

3. The shanbhog and patel clearly state that land in the question was not under water for four or five years. The petitioners did not use the land or derive any benefit therefrom. The lands have been returned year after year as waste.

4. Under these circumstances, it is inexpedient, if not improper, to punish the inamdars who are said to be minors under the guardianship of a woman, with what practically amounts to a fine of more than Rs. 1,000. The fine is accordingly remitted and the Deputy Commissioner is requested to take such measures as will prevent the inamdars from raising the weir of their tank beyond the mamul or normal level. If any lands should be submerged even under this normal height of the weir, it is best to follow the principles of the order of Government in Proceedings No. 7338-46—R. 2451, dated 14th February 1897, regarding the stoppage of cultivation in the bed of Government tanks and to exclude them from cultivation. The Deputy Commissioner will take action accordingly.

2. As the local and irrigation cesses due on the lands had fallen into arrears for five years and as Chikdasanna, the officiator, after expressing his inability to pay the arrears, tendered a razinama for the lands, these were resumed to Government by the Jamabandi Officer on the 8th February 1882 and the arrears were written off the accounts.

3. At the pakka potigi settlement in 1883, the lands were fully assessed, the assessment being liable to be deducted from the potigi of Rs. $68\frac{3}{4}$ attached to the shanbhogi office.

4. In January 1883, the plaintiff and the 1st defendant presented a petition to the Deputy Commissioner complaining of the resumption of the service inam lands, questioning the authority of the officiator to relinquish them without the consent of the hissedars who were in possession, and praying for the restoration of their respective shares.

5. While the complaint was being enquired into, Chikdasanna was dismissed from the office for embezzlement of Government money and other gross misconduct and the 1st defendant Narnappa was appointed in his place. Shortly after this, that is, in May 1886, the Deputy Commissioner recommended that the relinquished lands which were lying waste might be re-assigned as inam for remunerating the shanbhog. In their Proceedings No. 2703—119, dated 7th July 1886, Government sanctioned "the re-assignment to shanbhog Narnappa of the service inam lands referred to." Under this order, Narnappa was put in possession of the lands. In May 1894, the plaintiff filed a regular suit to recover possession of a fourth share of the lands, which he enjoyed before their resumption. The Sub-Division Officer dismissed the suit on the ground that the lands were restored to the officiator and for the office and that plaintiff could not claim a share in them in consequence of his right which had existed prior to their resumption. The Deputy Commissioner confirmed the above decree on the additional ground that the suit was barred by limitation. Hence this second appeal to Government.

No. 6635—P. F. 3697, DATED BANGALORE, 19TH JANUARY 1898.

ORDER THEREON.—The question for decision really is whether the conditions which existed as regards the enjoyment of the land before its resumption by Government can be regarded as attaching to the land in the hands of the new grantee to whom it was re-assigned by the Government by their Order of 7th July 1886. The circumstances show that Government did not intend any cancellation of the previous resumption, but actually made a new grant. Petitioner lost all right to any share in the land by the default in payment of revenue, by the relinquishment by his representative and by the resumption by Government, and the same cannot be revived by the re-grant of the land to the new shanbhog. Hence the appeal is rejected.

3. The records of the case.

No. 6745-52—Pet. 887, DATED BANGALORE, 20TH JANUARY 1898.

ORDER THEREON.—The vernacular records show that the site in question has remained vacant since the year Akshaya (1866-67), when the petitioner's father abandoned his house built on a portion of the site. The petitioner, while admitting this, contends that he has been using the site as pasture land. The shanbhog has, however, deposed that all the raiyats without distinction used to graze their cattle on the site in the absence of applications for building sites. The two documents produced by the petitioner—one a criminal judgment and the other a petition presented by his father in 1864 to the Amildar— are irrelevant, and the petitioner has no other evidence of possession. Under these circumstances, the petitioner's claim is rejected and the appeal dismissed.

2. The petitioner has complained in his appeal to Government—and the proceedings of the Deputy Commissioner bears this out—that no endorsement was issued to him when his petition was disposed of by the Deputy Commissioner. The attention of the Deputy Commissioner is drawn to the Government Proceedings marginally noted, and he is requested to conform to the instructions therein laid down for the disposal of petitions.

Government Order No. 4802-9—37, dated 8th September 1881, directing that a regular system of hearing petitioners should be observed.
Ditto 2169—49, dated 19th July 1884, directing that a written endorsement should be given to every petitioner.
Ditto 6284-91—Pet. 544, dated 29th September 1893.

3. The vernacular records further show that the Assistant Commissioner in charge of the taluk was not kept informed of the proceedings taken by the Deputy Commissioner; and that in consequence the Assistant Commissioner directed the stay of sale and called for a report from the Amildar in ignorance of the Deputy Commissioner's enquiry and disposal. The object of placing an Assistant Commissioner in charge of a taluk will be defeated if he is not given an opportunity of acquainting himself with all that transpires within his jurisdiction.

4. The vernacular records in the case have not been chronologically arranged, and a material paper—the mahazar of the villagers—has not been sent up in the original, though a copy has been filed by the petitioner. The Deputy Commissioner's attention is drawn to Government Proceedings No. 5662-96—Pet. 468, dated 15th September 1893, and he is requested to see that the instructions therein laid down are understood and followed in his office.
